Steps to raise Work Request for Install U6 Meter 2

 Login to Portal 2

 Navigation to Create Request 4

Purpose

To define the standard procedure for raising a Work Request (WR) for installation of a U6 Meter in the system with correct consumer and site details.

When to Use

Raise a Work Request for Installation of U6 Meter in the following situations:

- New connection where U6 meter installation is required
- Meter not yet installed after connection approval
- Site ready for meter installation after infrastructure completion
- Meter installation scheduled through normal workflow

Steps to raise Work Request for Install U6 Meter

Login to Portal

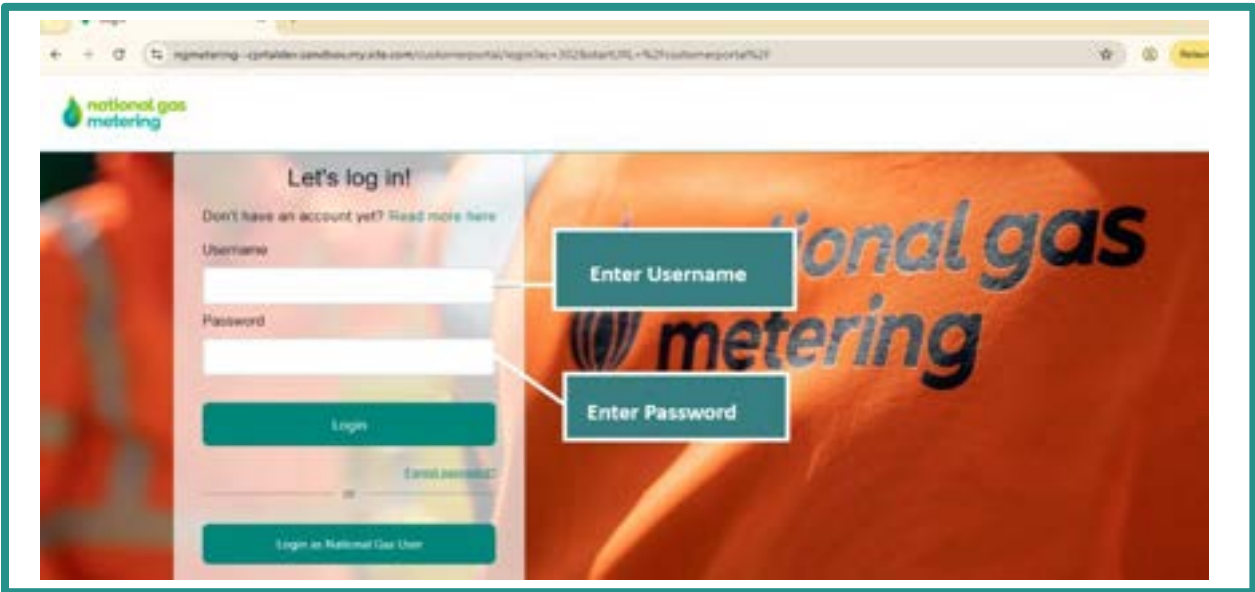

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

The URL to login to the customer portal is:

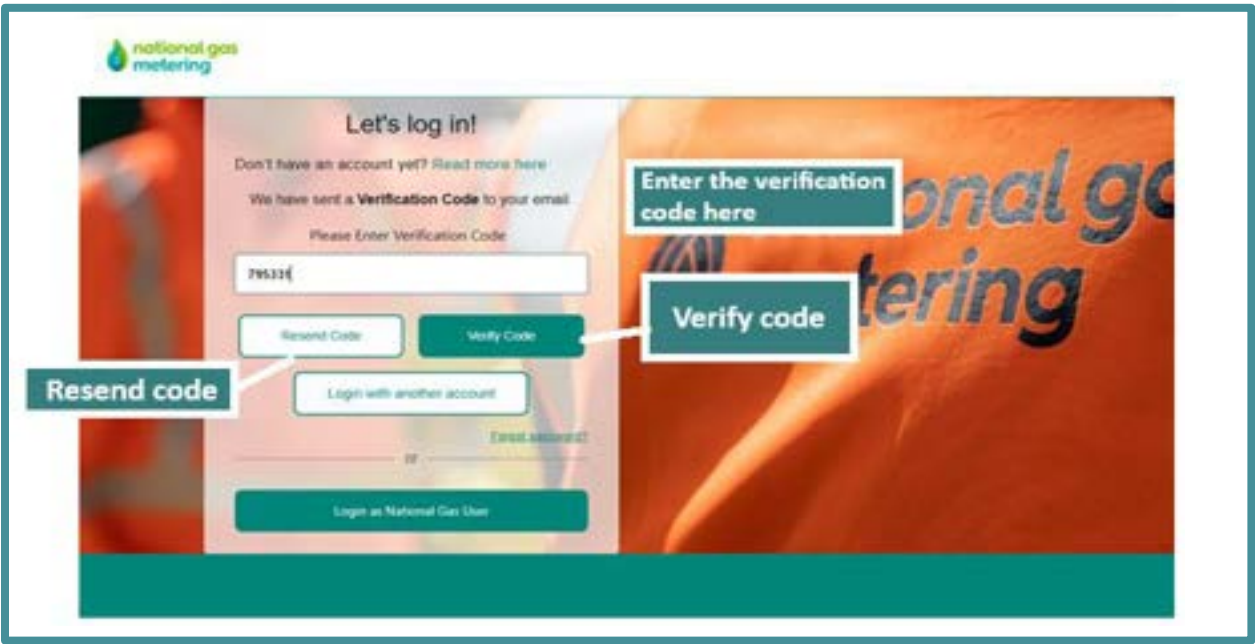

<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter.

Enter the username and password, click on login.

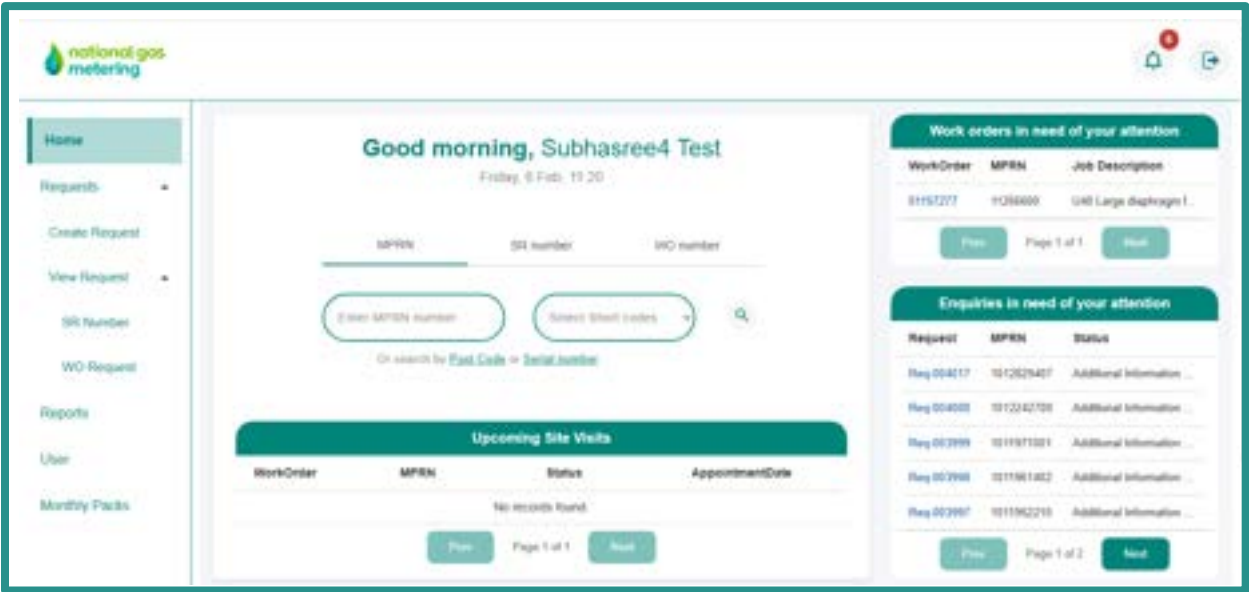

Enter the verification code which is sent to the associate mail id and click on verify code.

Customer Metering Portal

After logging in, the home screen of the customer portal is displayed.

The Home Screen will display the MPRN Search panel in the Centre of the screen.

Navigation to Create Request

Navigate to Create Request.

Enter the MPRN, select the supplier code from the picklist and click on search icon

Select ‘Yes’ / ‘No’ to the question “Is this a residential U6 site/meter?”

Select the appropriate option:

Yes → Residential connection (Domestic usage)

No → Commercial connection (Shop, office, business, institution etc.)
