## Purpose

To define the standard procedure for raising a Work Request (WR) for removal of a U40 meter with gas purging, ensuring safe handling and correct job allocation to the field team.

## When to Use

Raise a Work Request for Removal of a U40 meter with gas purging in the following situations:

- Permanent disconnection.
- Defective meter removal.
- Connection closure.

## Steps to raise Work Request for Removal of U40 meter With Purging

### Login to Portal

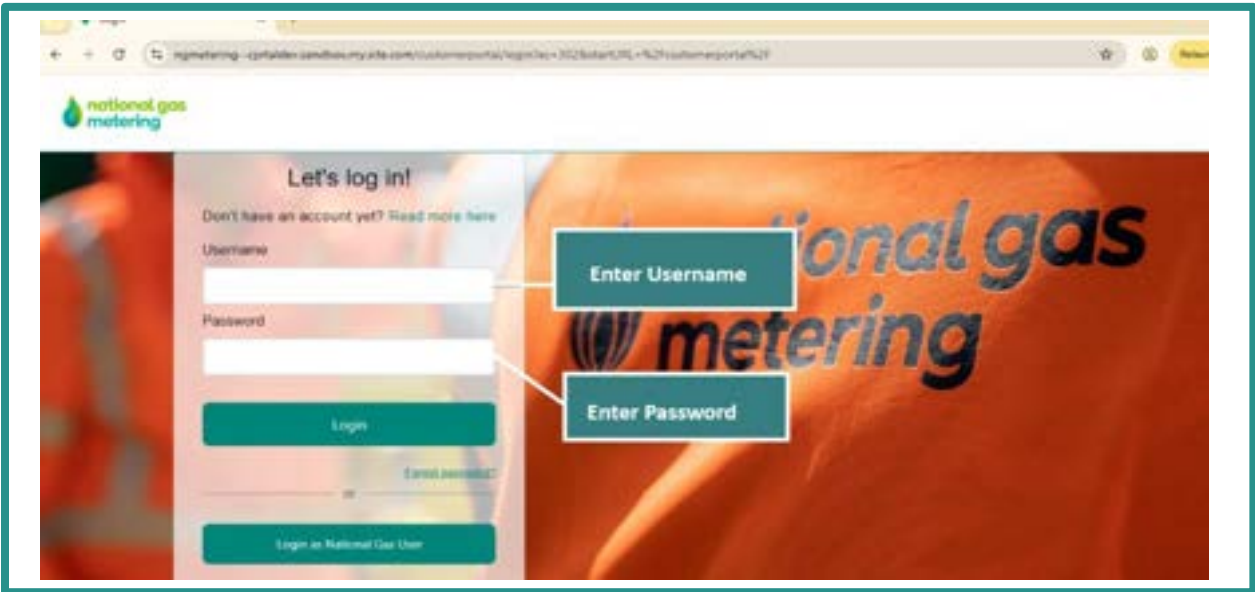

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

The URL to login to the customer portal is:

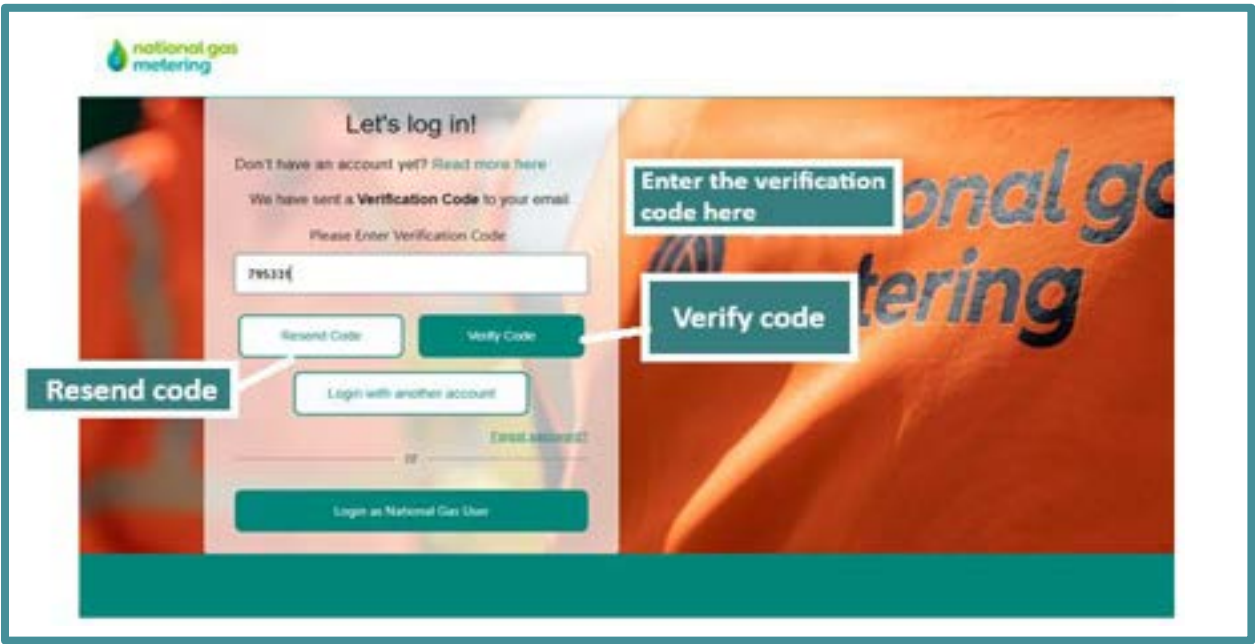

<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter.

Enter the username and password, click on login.

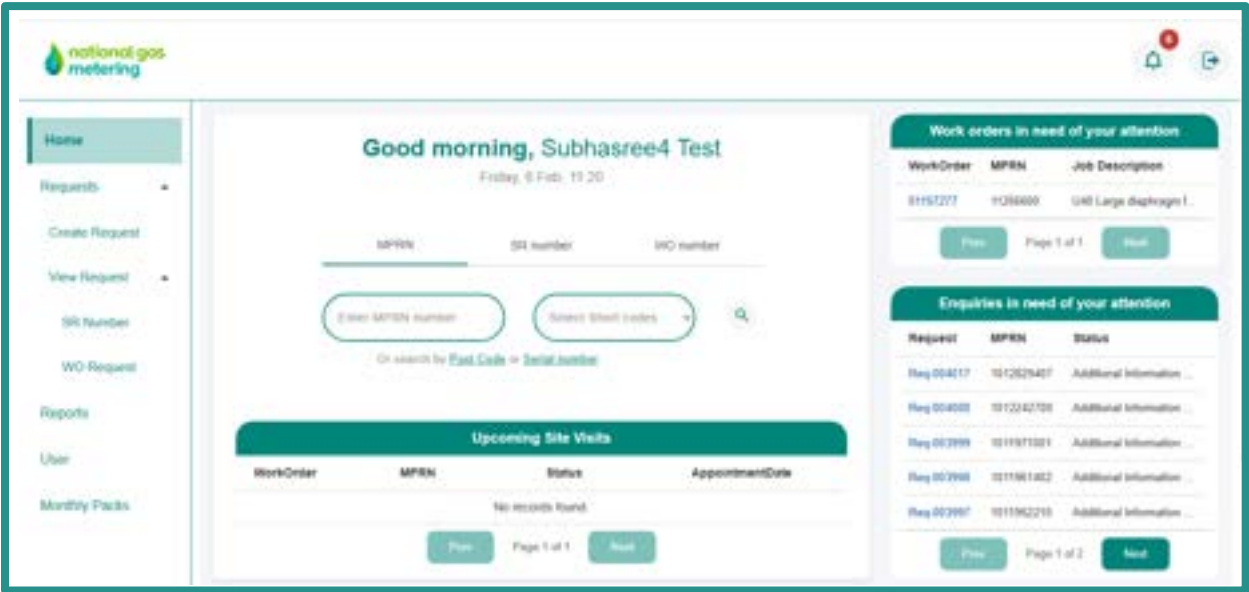

Enter the verification code which is sent to the associate mail id and click on verify code.

# Customer Metering Portal

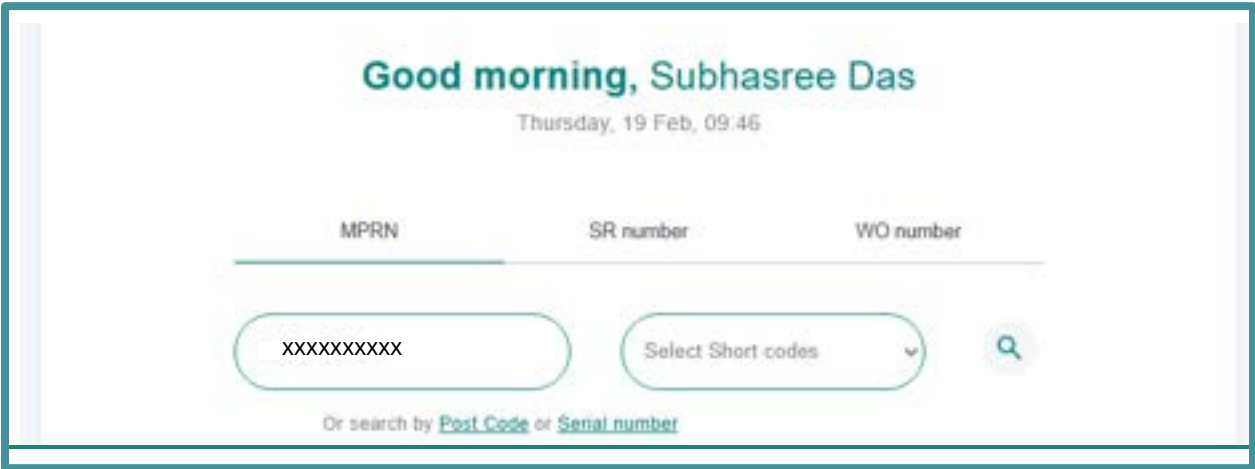

After logging in, the home screen of the customer portal is displayed.

The Home Screen will display the MPRN Search panel in the Centre of the screen.

## Search and Open MPRN

Enter the MPRN and click on search icon

MPRN overview page with MPRN details is displayed.  
Validate the Supplier short code, MPRN category (e.g., Residential or Commercial), address and site details, Meter and converter (if present) details.
