## Purpose

To define the standard procedure for reopening a resolved Data Query (DQ) in customer portal.

## Steps to raise Data Query

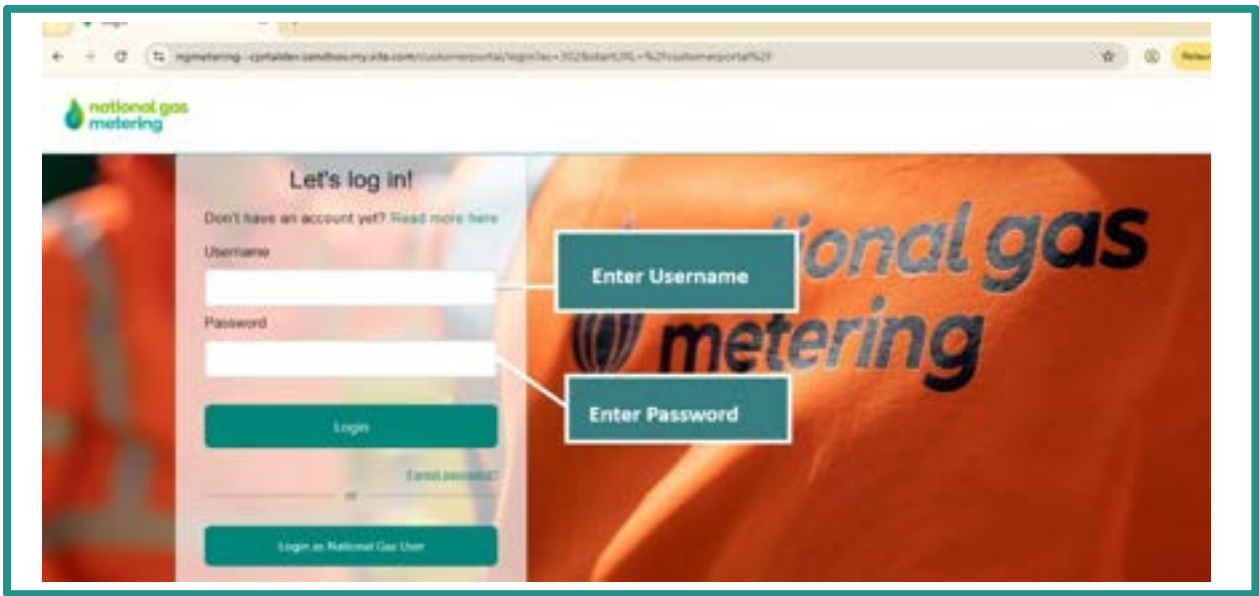

### Login to Portal

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

The URL to login to the customer portal is:  
<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter.

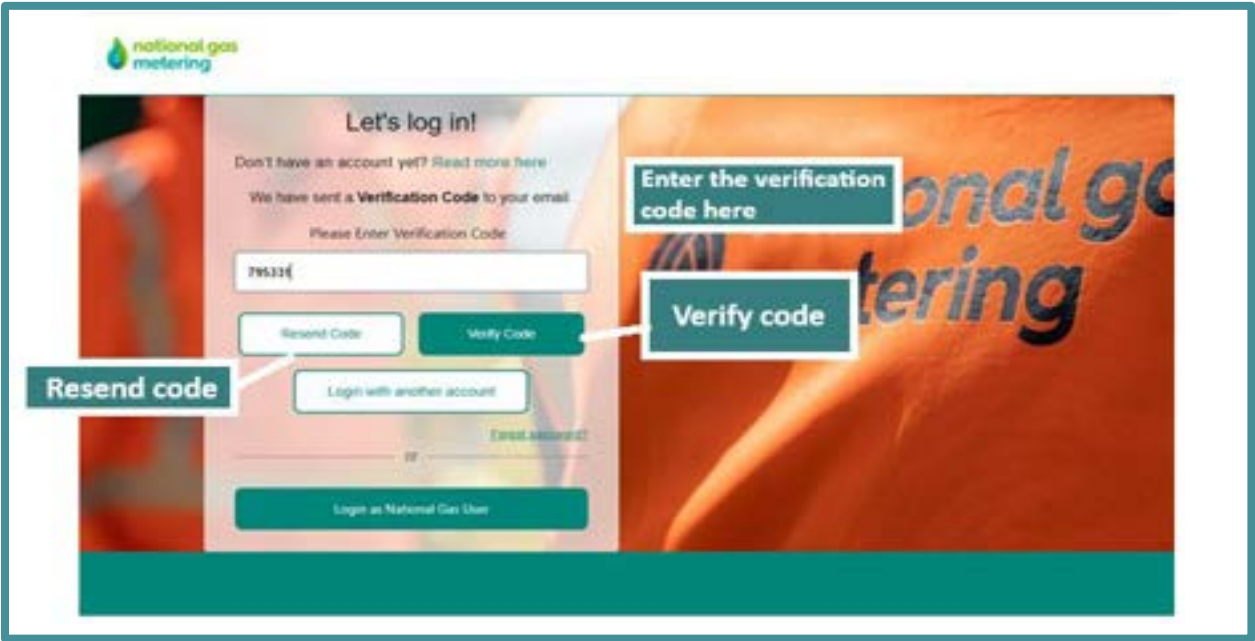

Enter the username and password, click on login.

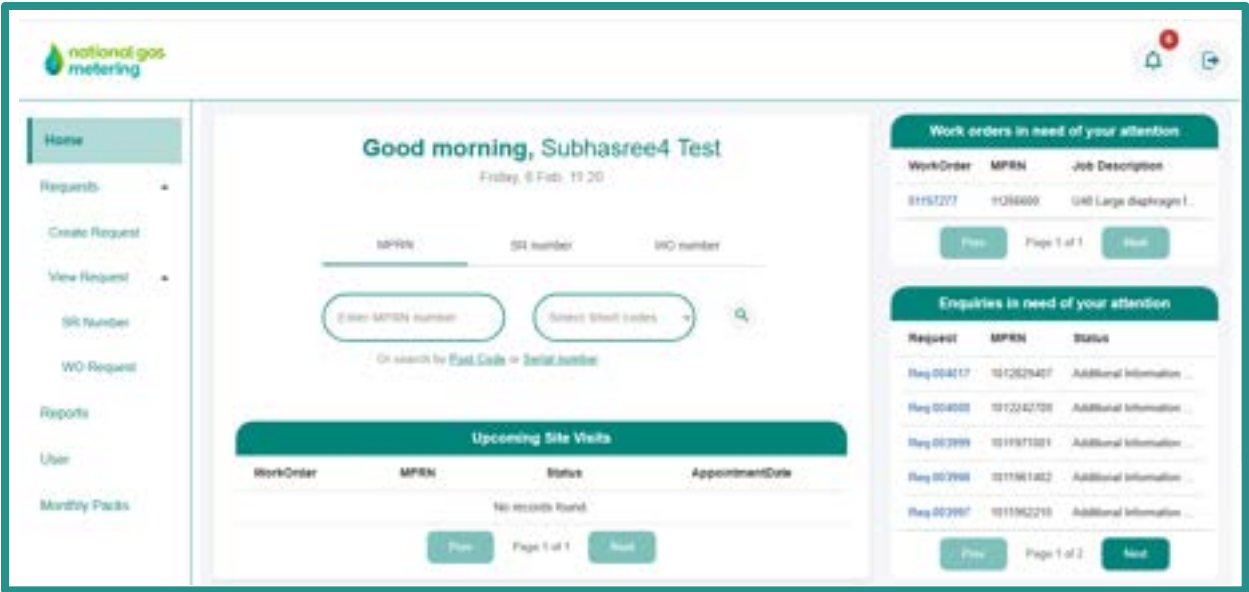

# Customer Metering Portal

Enter the verification code which is sent to the associate mail id and click on verify code.

After logging in, the home screen of the customer portal is displayed.

The Home Screen will display the MPRN Search panel in the Centre of the screen.

Search and Open MPRN

Enter the MPRN and click on search icon

Good morning, Subhasree Das

Click on Data Query button to raise the Data query.

Raise Data Query

Create request page is displayed with MPRN , supplier short code , address details and asset details.

Under select request type **Data Query** is pre-selected automatically

Under Enquiry reason code, select any of the required reason code

Also select Enquiry category.

Enquiry Reason Code

☐ Address Amendment Enquiry

To request an MPRN's address held by NQM to be amended

☒ Asset Data Enquiry

☐ Crossed Meter Enquiry

To inform NQM of a crossed meter situation, i.e., details of 2 or more neighbouring meters on NQM's system need to be swapped

☐ Replicate MPRN Enquiry

To inform NQM of an MPRN confirmed by Xserve to be a duplicate

Selected

Enquiry Category

☐ Converter Enquiry

To query the converter (corrector) details held by NQM

☐ Correction Factor Challenge

To query the correction factor held by NQM

☐ Incorrect asset details

To query the meter details held by NQM

☒ Meter Status Enquiry

To query the Asset Status held by NQM, e.g., Live or Capped

Selected

☐ Missing exchange

To inform NQM of a Missing Exchange at site

☐ Missing removal

To inform NQM of a Missing Removal at site

Fill up the enquiry details.

Sample Enquiry Instruction

Our customer states that the Asset status is different to what it shows in Maximo. Maximo shows it as \*\*. However our customer states that is \*\* and has been since \*\*\*/\*\*\*\*. Please investigate. Additional Information This Query code should only be used for meters that are still on site and not removed meters, this type of Query should be submitted using the ADQ code. The Asset status codes that can be challenged are LI, CA, CL, CU, SP and RT.

Fill in the Contact details (on-site) information as Title, Name, Contact Number, Email Address (optional), Meter Access Instruction (optional), Upload Photos(optional).

Check the consent box and click on submit request button.

The screenshot shows a form titled "Contact details". It contains the following fields: "Title\*" with a dropdown menu showing "Miss", "Name\*" with a text input field containing "Taylor", "Contact number\*" with a text input field containing "62891857637", and "Email Address (Optional)" with a text input field containing "taylor56@gmail.com". Below these fields is a checkbox labeled "Please tick here to confirm that consent has been obtained from the named individual for their personal data to be passed to third parties, for the purposes of performing the specified works, by means of a suitable Data Privacy Notice and explicit consent agreement." The checkbox is checked. At the bottom of the form are two buttons: "Submit Request" (green) and "Cancel" (white with a green border).

Request is created successfully and in the pop up Service request number is provided with appointment details and SLA.

The screenshot shows a pop-up message box titled "Request submitted". The text inside the box reads: "Your Data Query has been successfully submitted on the 28/02/2026. The reference number is 1968554. We will look to investigate and provide a response within the agreed 4 day SLA." At the bottom right of the box is a green button labeled "OK".

## Viewing the raised Data Query

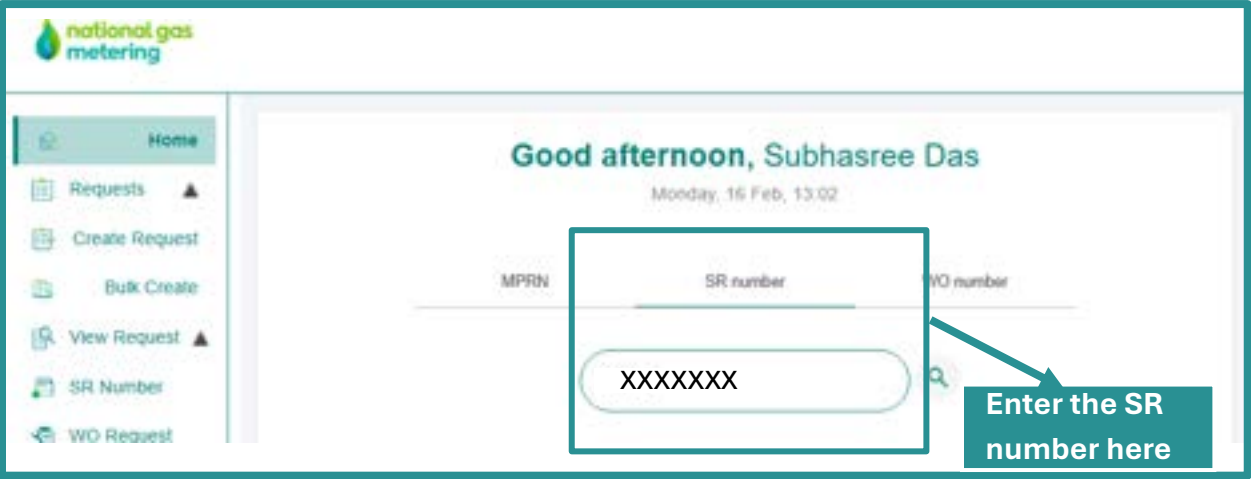

### Searching the SR from the main search functionality present in the home screen

Navigate back to the home screen and click on SR number tab on home screen main search label.

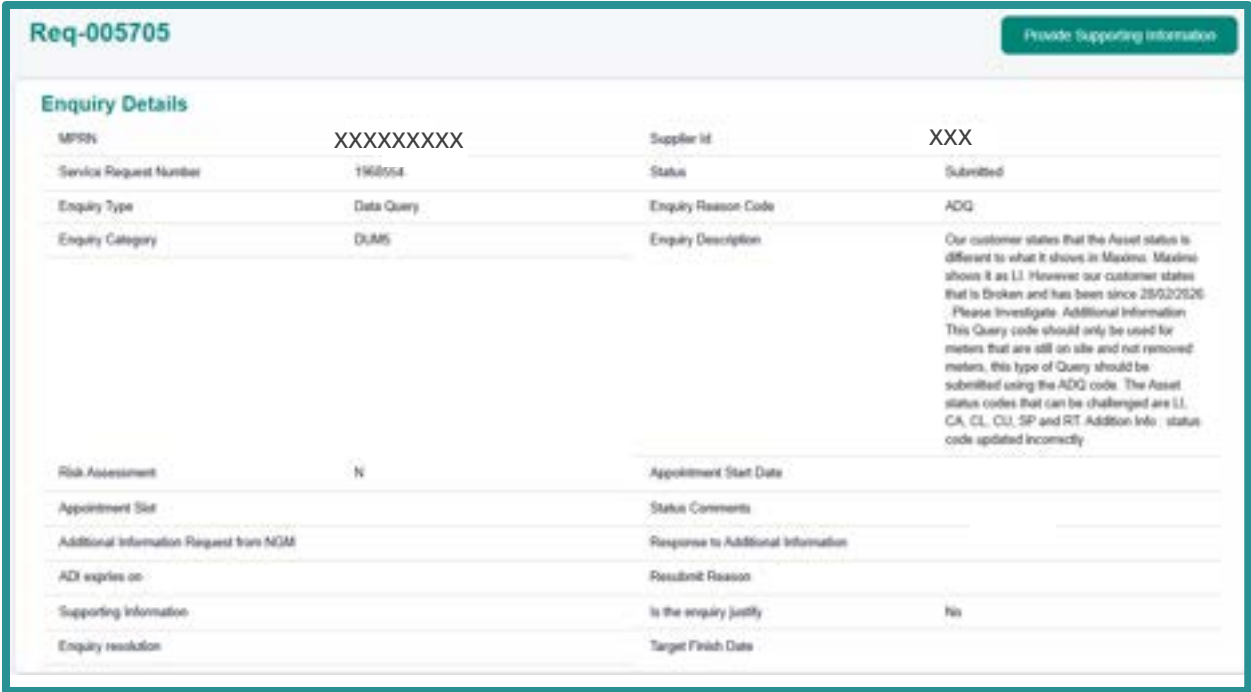

# Customer Metering Portal

Enter the SR number and click on search icon

SR details view is displayed

Validate all the fields and sections of the SR

## Searching the SR from the View Request functionality present in the home screen

Navigate back to the home screen and click on View Request- SR number option present under the request option on home screen.

Customer Metering Portal

Enter the SR number on the enter SR number field.  
Automatically SR details view page is displayed.
