Purpose

This document guides users on how to reactivate user ids for which access was once deactivated from the customer portal.

Steps to Create User for the Portal

Only Gas Agent managers will have access to reactivate users for the portal.

Login to Portal

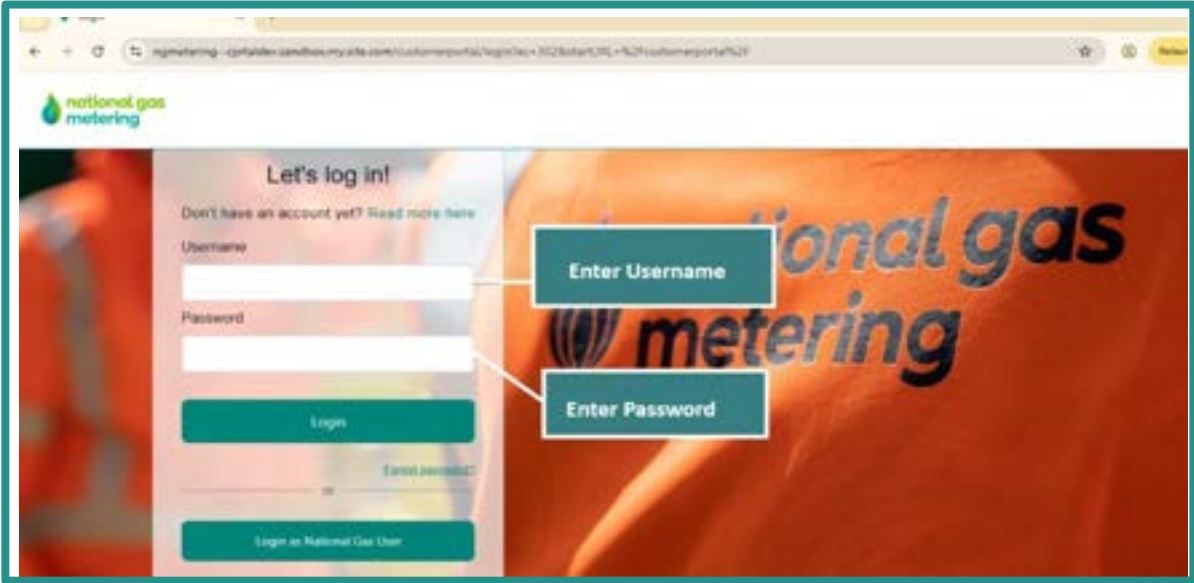

Open any web browser (chrome/edge) in the system and enter the below URL in the URL bar

The URL to login to the customer portal is:

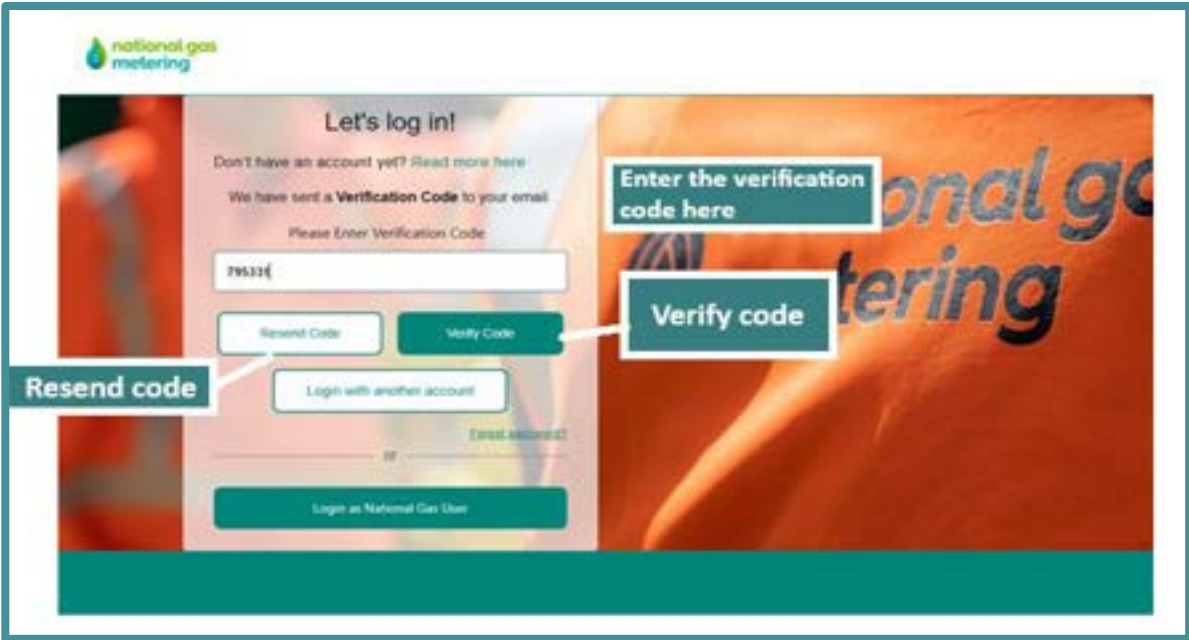

<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter

Enter the username and password, click on login.

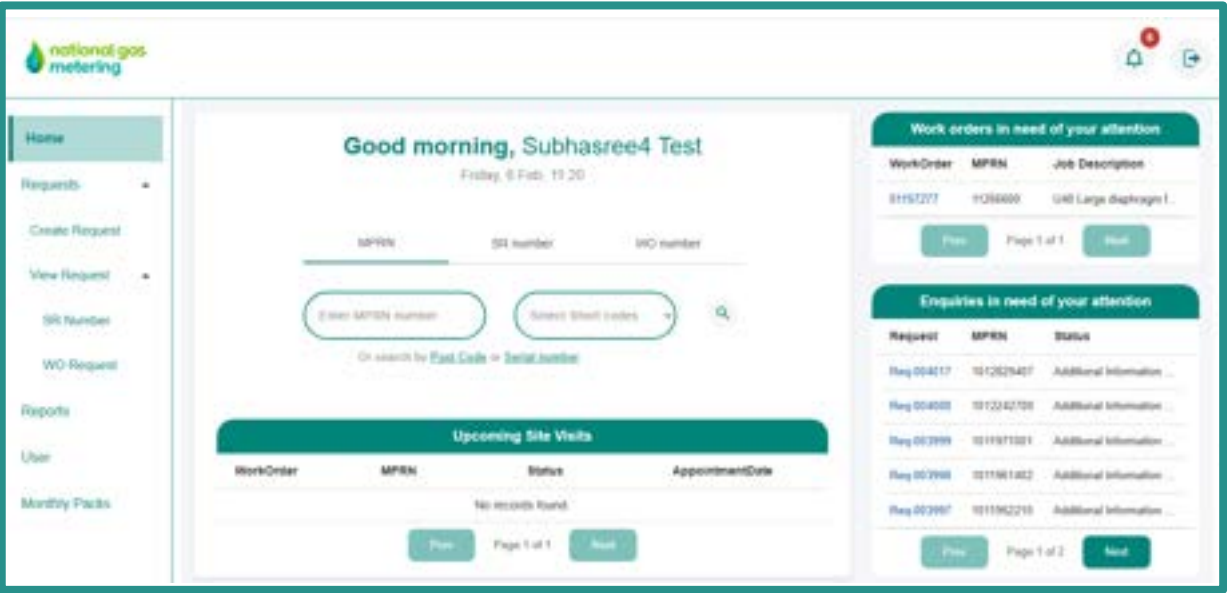

Enter the verification code which is sent to the associate mail id and click on verify code.

Customer Metering Portal

After logging in, the home screen of the customer portal is displayed.

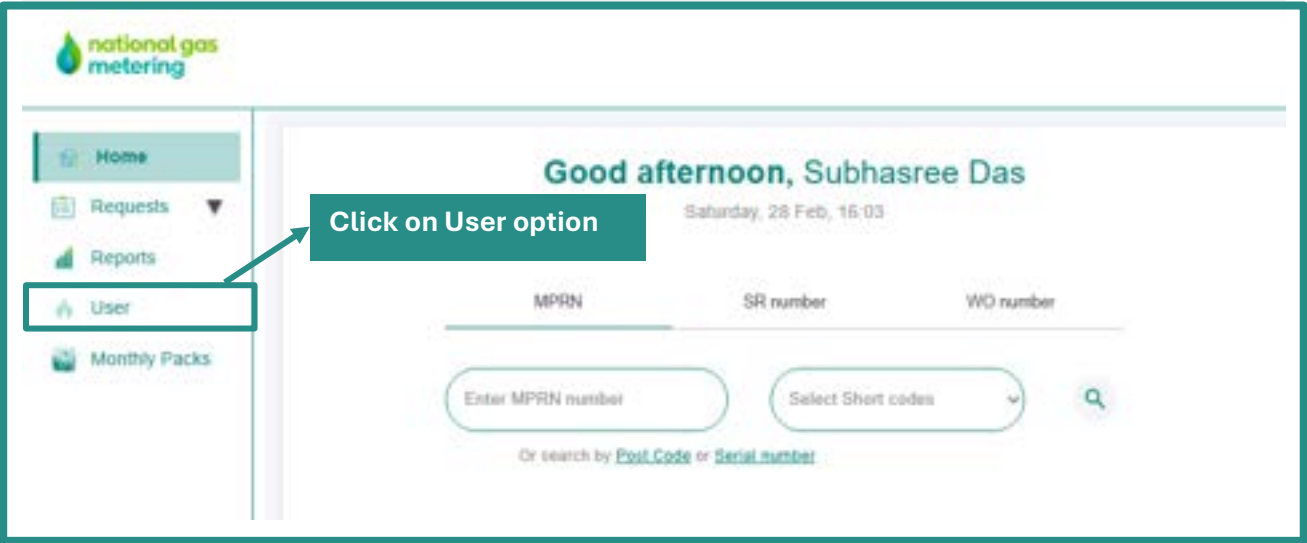

The Home Screen will display the MPRN Search panel in the Centre of the screen.

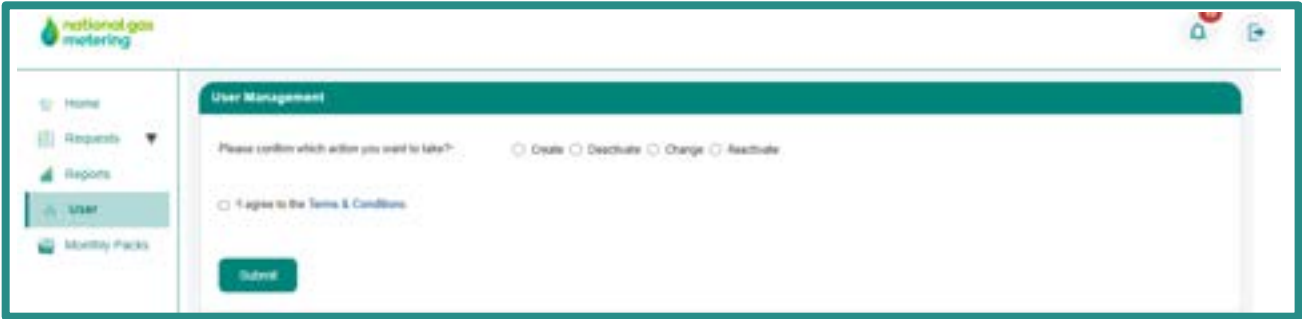

Navigate to User

Click on User option.

This is the User management section of the portal.

Options to Create, deactivate, change and reactivate user are present.

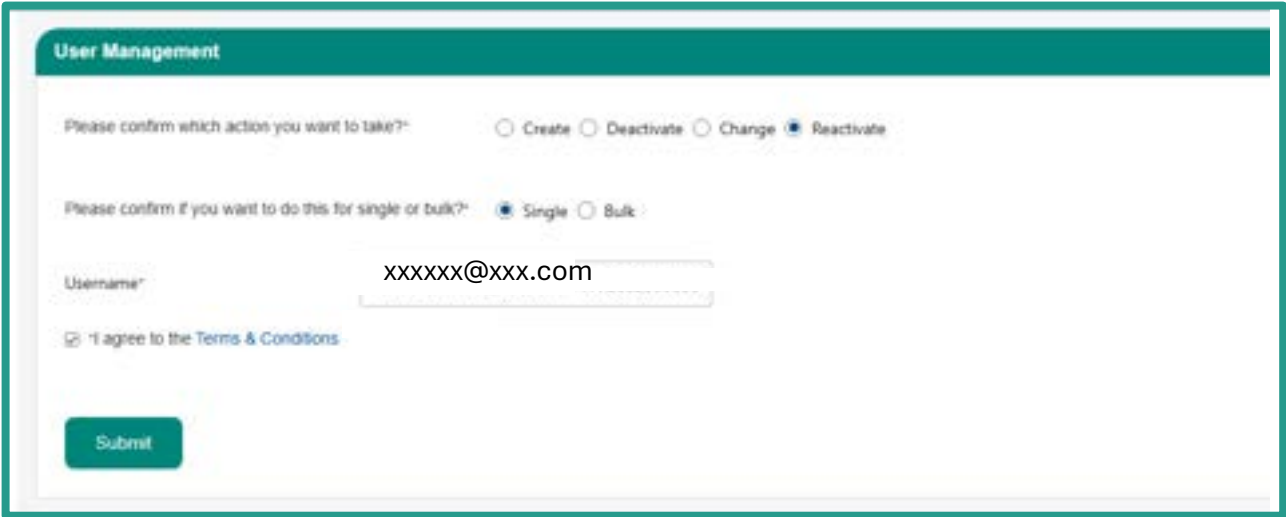

Reactivate Single User

To reactivate single user from the customer portal, please follow the steps below:

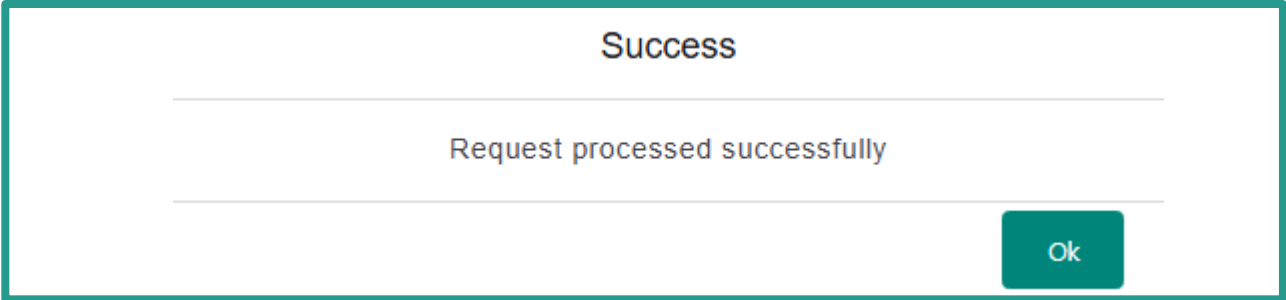

Select the Reactivate radio option for the question “Please confirm which action you want to take?”

Select the Single radio option for the question “Please confirm if you want to do this for single or bulk?”

Provide the username and check the consent box and submit.

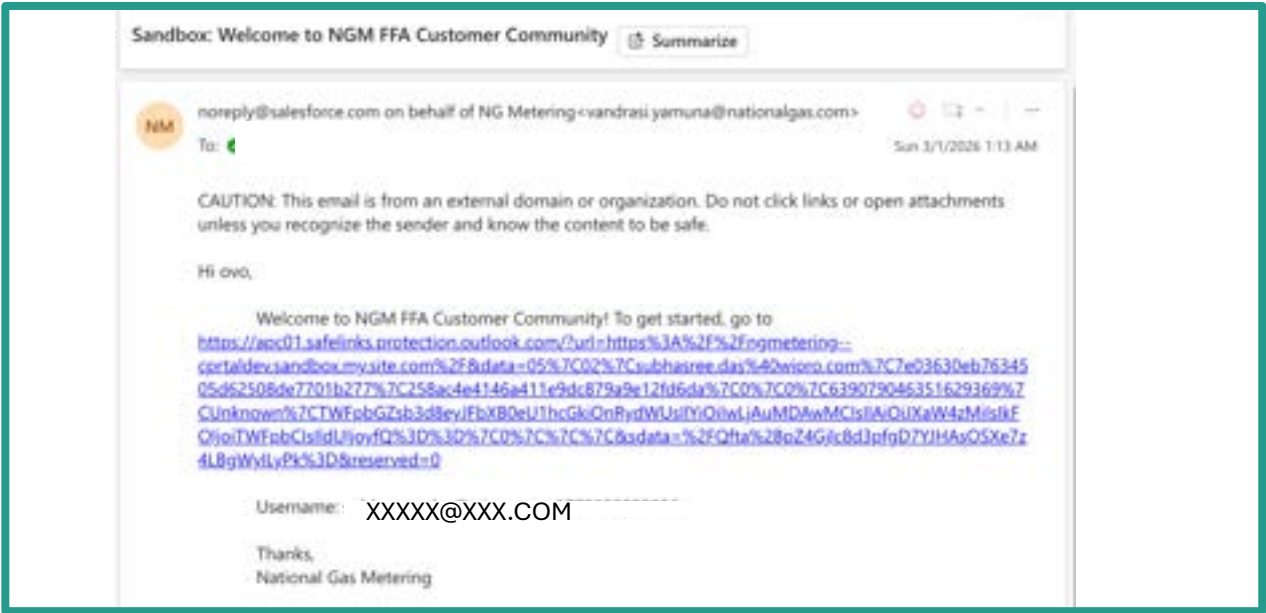

Request is processed successfully and user is reactivated.

An email is sent to the user notifying them about the reactivation of their Id.

They can click on the attached url in the email to update password for logging in the portal.

Reactivate Bulk User

To reactivate multiple user ids at once select bulk option for the question “Please confirm if you want to do this for single or bulk?”

The screenshot shows the 'User Management' form. At the top, there's a header 'User Management'. Below it, the first question is 'Please confirm which action you want to take?' with four radio button options: 'Create', 'Deactivate', 'Change', and 'Reactivate'. The 'Reactivate' option is selected. The second question is 'Please confirm if you want to do this for single or bulk?' with two radio button options: 'Single' and 'Bulk'. The 'Bulk' option is selected. Below these questions, there's a link: 'Not sure of file format to be used? Download Template from here: [Reactivate Users Bulk Template](#)'. Underneath is an 'Upload File(s) *' section with a dashed box containing the text 'Drag & drop files here' and a link 'Select File(s) from device'. To the right of this box, a file named '081du0000008uzV (1).csv' (72 B) is shown with a red 'X' icon. At the bottom left, there's a checkbox 'I agree to the Terms & Conditions' which is checked. A green 'Submit' button is at the bottom center.

Download the bulk user reactivation template by clicking on the Reactivate users bulk template link and fill up the details.

This screenshot is identical to the one above, but with a green rectangular box highlighting the link 'Reactivate Users Bulk Template' in the text 'Not sure of file format to be used? Download Template from here: [Reactivate Users Bulk Template](#)'.

Fill up the template with user details

Upload the template file and check the consent box and click on submit

	A	B	C
1	Username		
2	jkjllk@yahoo.in.1768494884058		
3	rish5@gmail.com.1768490699137		

Request is processed successfully and users are reactivated.

Success

Request processed successfully

Ok

Viewing User details Report

To validate the if provided user details are reactivated, we can navigate to the **User Details Report** under the Report section.

User can validate the Is Active status which indicates if the user id is active or not for the respective user.
