Validating the job completion details for the completed
job 15

Purpose

To verify that the Urgent Work Request (UWR) has been successfully created and to track its progress using the Job Number generated.

Steps to raise Urgent work Request

Login to Portal

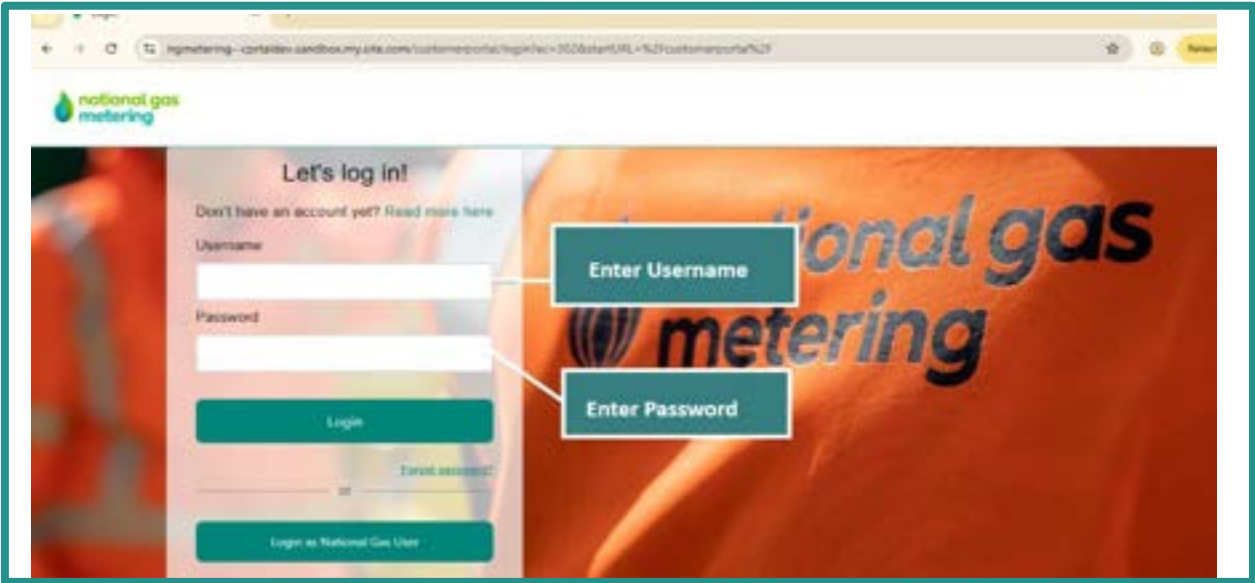

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

The URL to login to the customer portal is:
<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter.

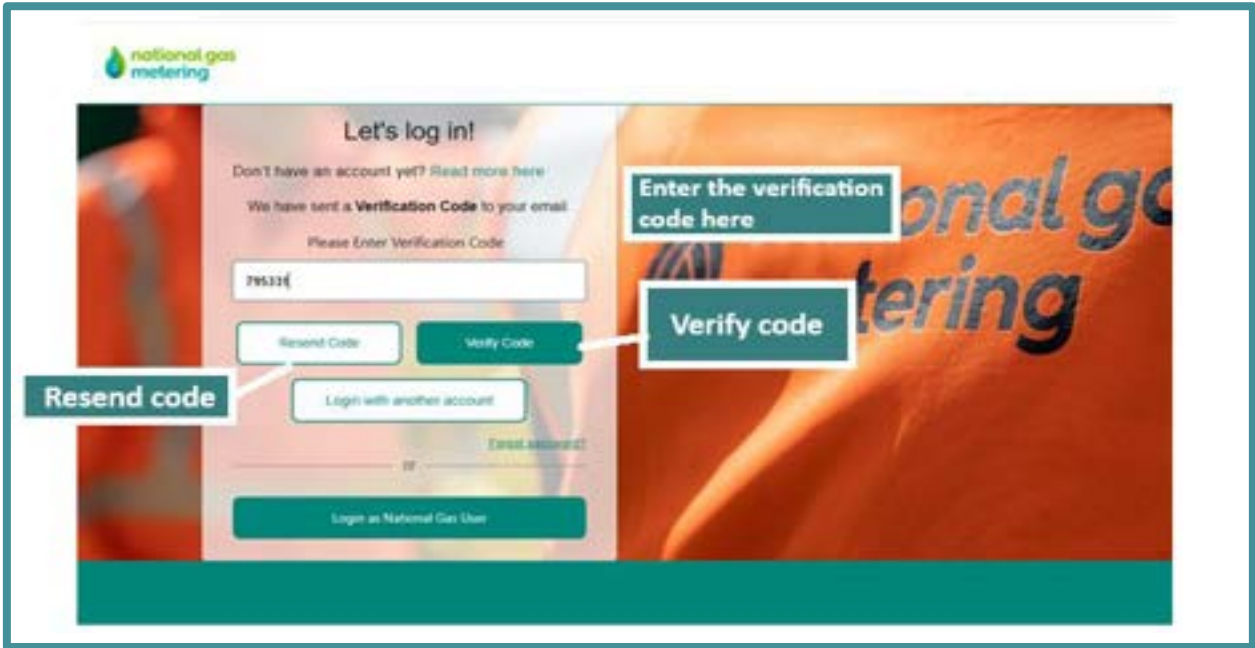

Customer Metering Portal

Enter the username and password, click on login.

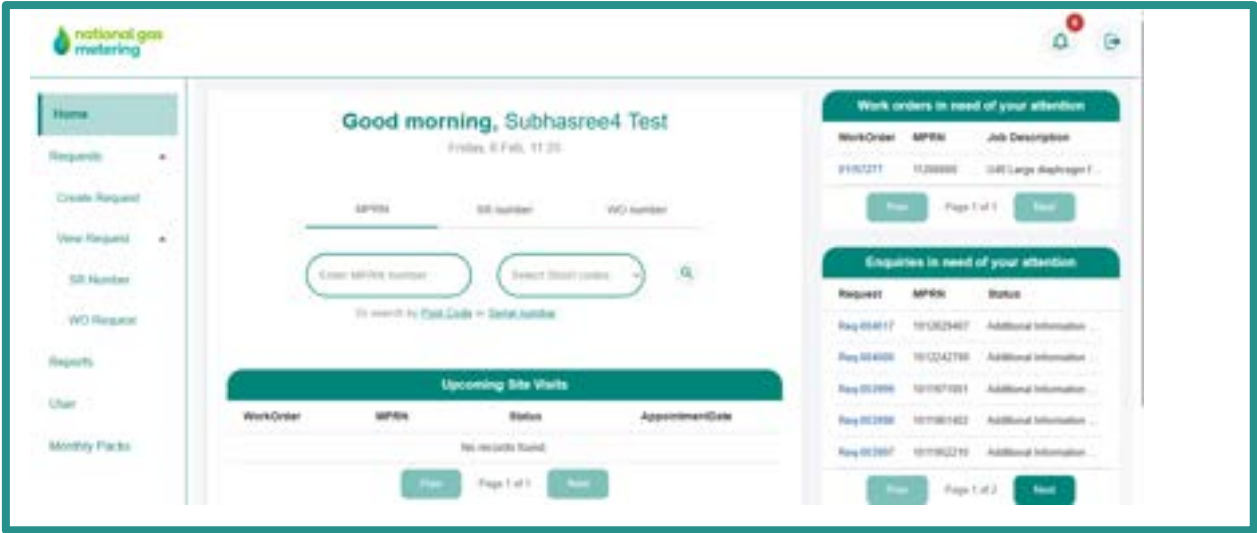

Enter the verification code which is sent to the associate mail id and click on verify code.

Customer Metering Portal

After logging in, the home screen of the customer portal is displayed.

The Home Screen will display the MPRN Search panel in the Centre of the screen.

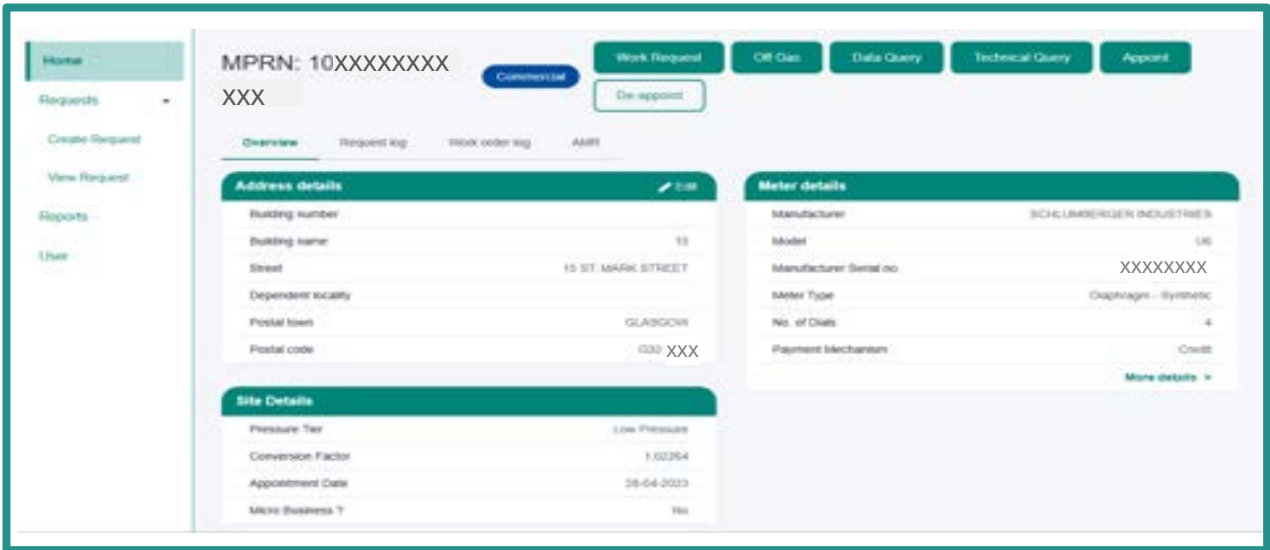

Search and Open MPRN

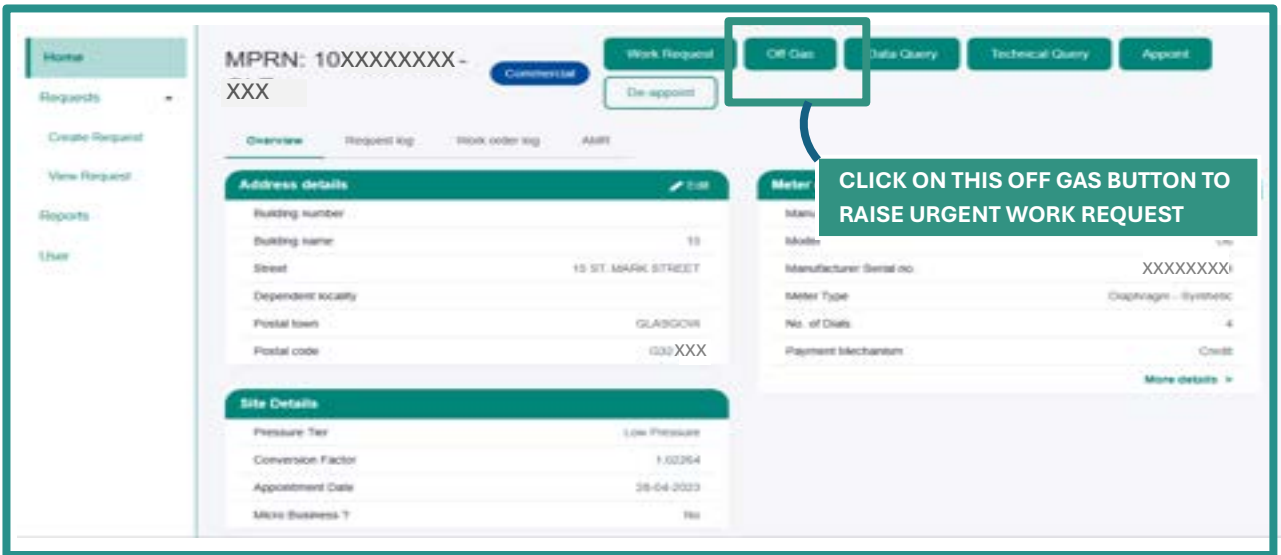

Enter the MPRN and click on search icon

MPRN overview page with MPRN details is displayed.
Validate the Supplier short code, MPRN category (e.g., Residential or Commercial), address and site details, Meter and converter (if present) details.

Click on Off Gas button to raise an urgent work request for the MPRN

Raise Urgent Work Request

Create request page is displayed with MPRN , supplier short code , address details and asset details.

Under select request type **Urgent Work Request (Off Gas)** is pre-selected automatically

Create Request MPRN: 10XXXXXXXX-XXX **Commercial**

Select Request Type

☐ Work request
Customer initiated request for works on the meter installation.

☒ **Urgent Work request (Off gas)**
To support customers who are currently off supply due to a gas meter fault/Residential PPCC meter fault or Commercial TTR.

☐ AMR request
Request for services related to Automated Meter Readings.

☐ Appear/De-Appear
Request Appear/Disappear supply on an MPRN.

☐ Data Queries
To query the data NGM holds for a given MPRN.

☐ Technical Queries
To query a suspected fault on an NGM Asset.

Under Select Job type, Job type is automatically selected. If not then select the required job type

Select the start time of the job. User must select one of the following start options:

- Start Now – Engineer will attend the job immediately.
- Pick Date and Time – User has the ability to select a specific appointment slot for engineer attendance.

Select Job Type

☒ **Faulty Credit**
To attend a UK size Credit meter fault.

We recommend this based on the asset details.

If asset details are incorrect call 0800 111 999

Select Start

☒ **Start Now**
For an engineer to attend within the agreed SLA upon submission of the request.

☐ Pick Date/Time
For an engineer to attend within the agreed SLA from the start time of the appointment slot selected.

If User selects Pick Date/Time then they have to select appointment date and slot

If asset details are incorrect call: 0800 111 999

Select Start

☐ Start Now
For an engineer to attend within the agreed SLA upon submission of the request.

☒ Pick Date/Time
For an engineer to attend within the agreed SLA from the start time of the appointment slot selected.
