Purpose

This document guides users on how to create user ids for the customer portal.

Steps to Create User for the Portal

Only Gas Agent managers will have access to create users for the portal.

Login to Portal

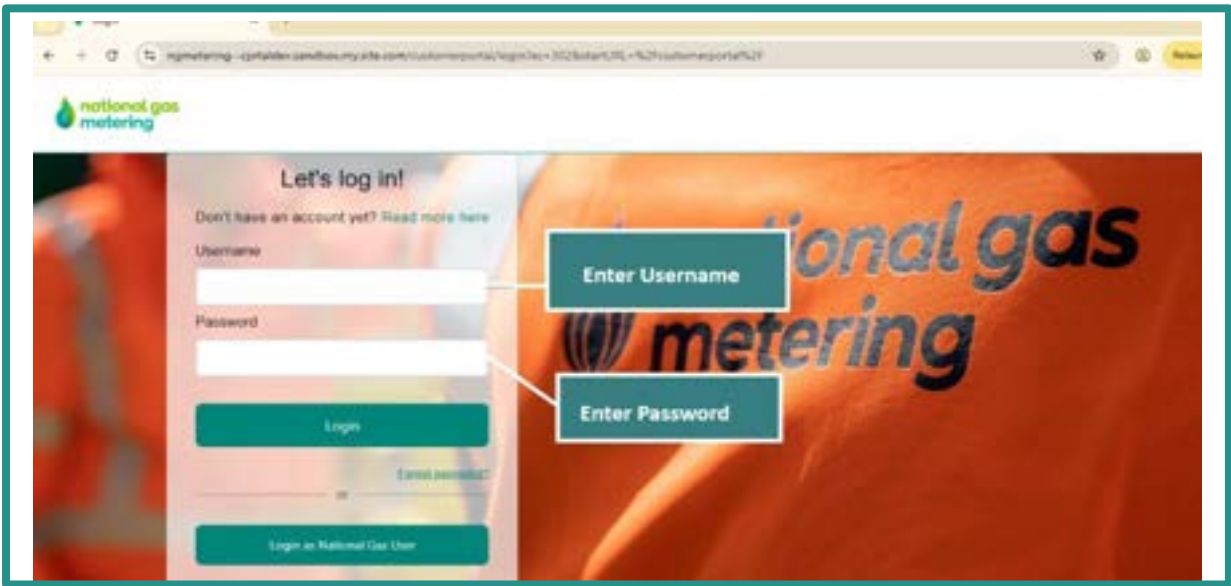

Open any web browser (chrome/edge) in the system and enter the below URL in the URL bar

The URL to login to the customer portal is:

<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter

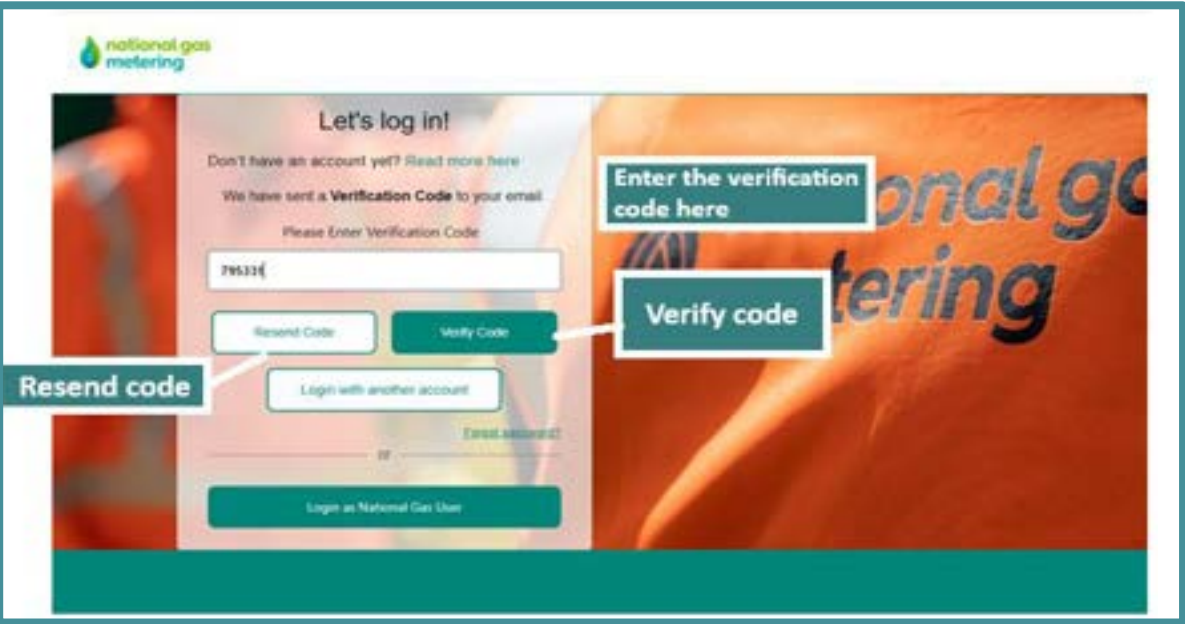

Enter the username and password, click on login.

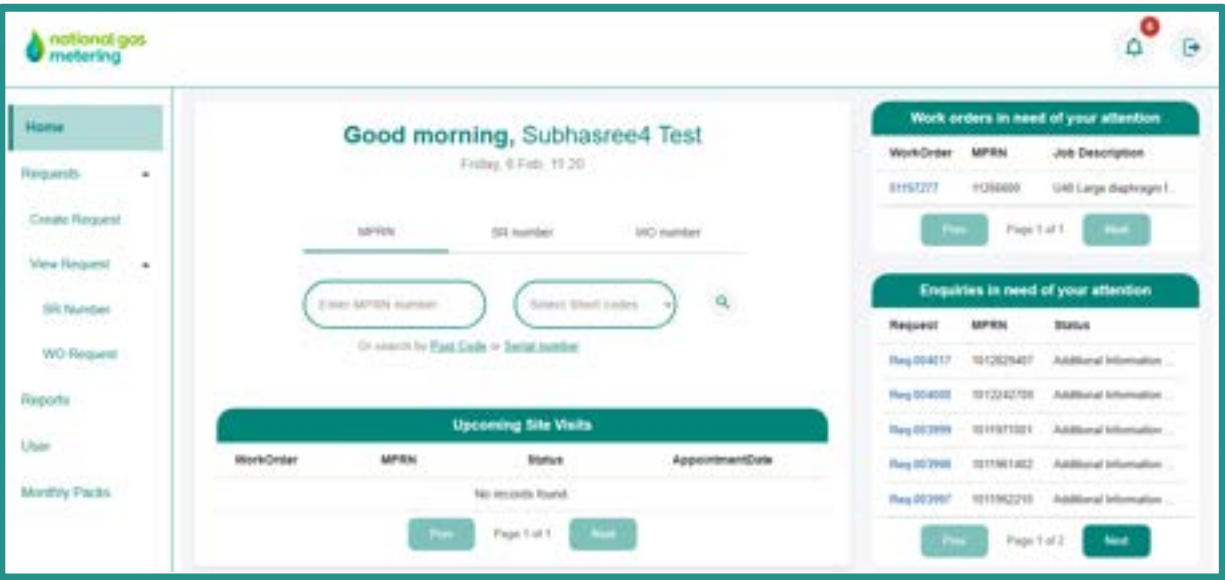

Customer Metering Portal

Enter the verification code which is sent to the associate mail id and click on verify code.

After logging in, the home screen of the customer portal is displayed.

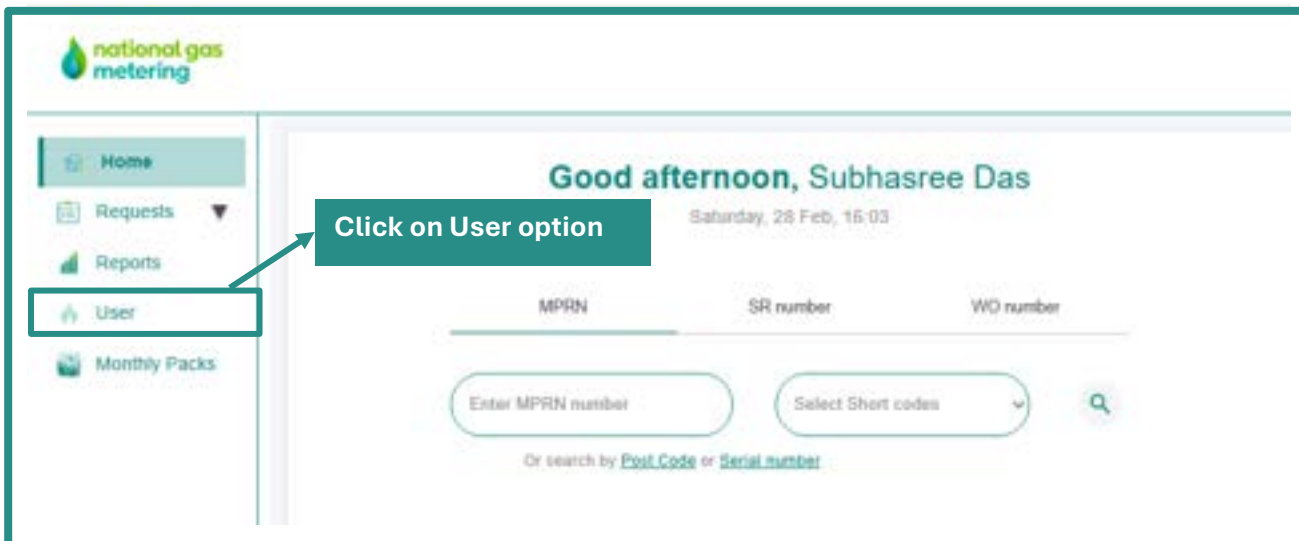

The Home Screen will display the MPRN Search panel in the Centre of the screen.

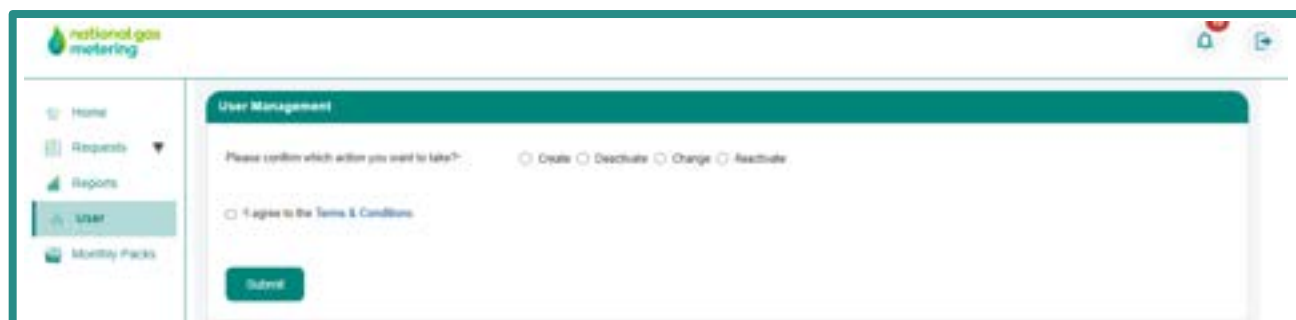

Navigate to User

Click on User option.

This is the User management section of the portal.

Options to Create, deactivate, change and reactivate user are present.

Create Single User

To create single user for the customer portal, please follow the steps below:

Select the Create radio option for the question “Please confirm which action you want to take?”

Select the Single radio option for the question “Please confirm if you want to do this for single or bulk?”

Provide the First name, last name, email address.

Select the Role- If the created user’s role is Gas Agent, then select Agent option

If the created user’s role is Gas Manager, then select Manager option

Select suitable supplier group from the picklist.

Select required supplier codes which is falling under the selected supplier group from the picklist.

Select the check box and click on submit.

User Management

Please confirm which action you want to take?

☒ Create ☐ Deactivate ☐ Change ☐ Reactivate

Please confirm if you want to do this for single or bulk?

☒ Single ☐ Bulk
