Purpose

To define the standard procedure for raising appointment requests through customer portal.

When to Use

Raise an appointment request for the following situations:

- New meter requested but not installed at the time of the appointment request.
- Meter exchange requested (from competitive to regulated) but not installed at the time of the appointment request.
- New meter installed, but MPRN not previously subject to an appointment request (e.g. installation organized through meter works contract and pre-appointment liquidated damages applied).
- Existing regulated meter installed, MPRN gained through the Change of Supplier process.
- New MPRN created for Found Meter .
- Existing non regulated meter installed, National Grid meter installation required but not installed at the time of the appointment request.

Steps to raise Appointment Request

Login to Portal

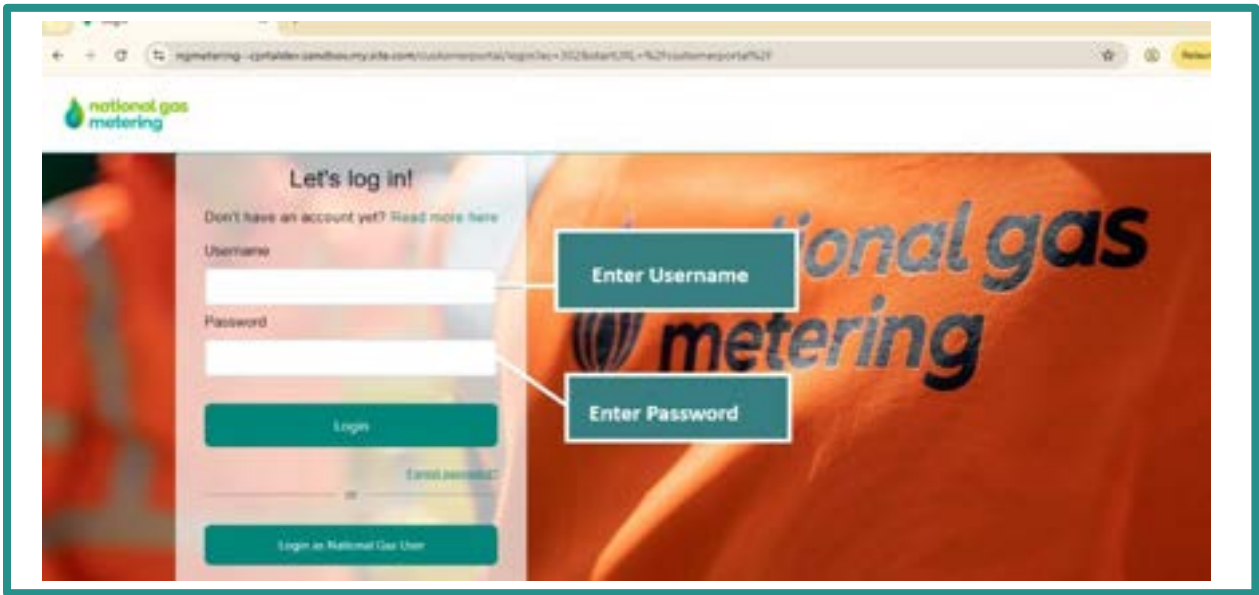

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

Customer Metering Portal

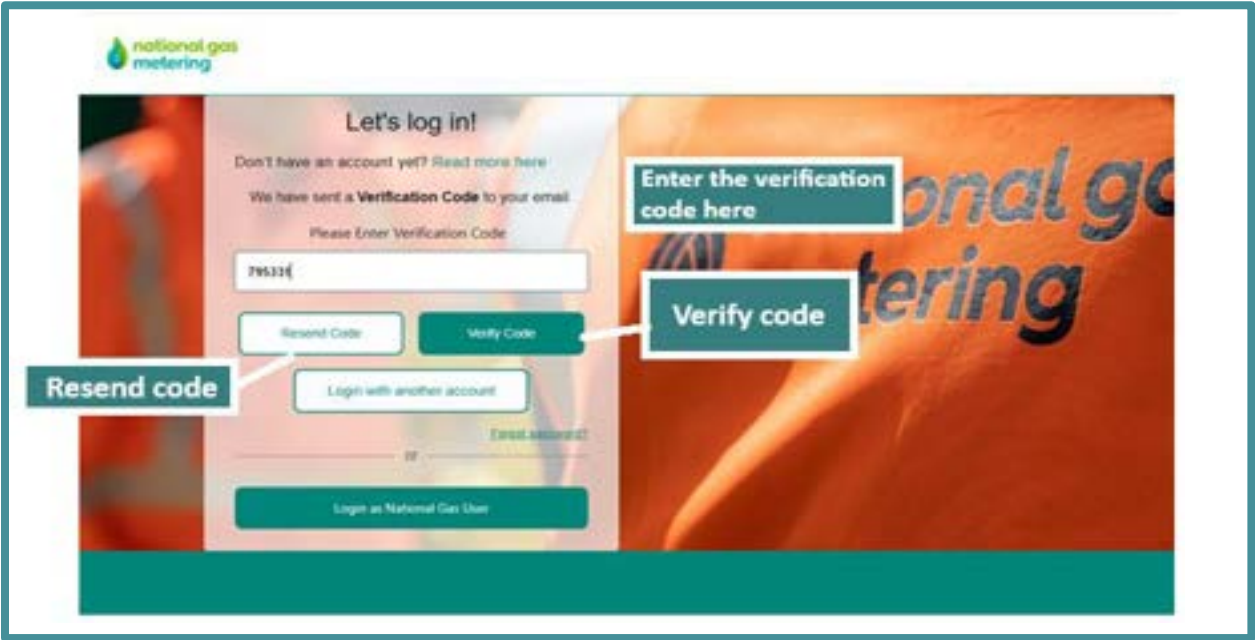

The URL to login to the customer portal is:
<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec>
and press enter.

Enter the username and password, click on login.

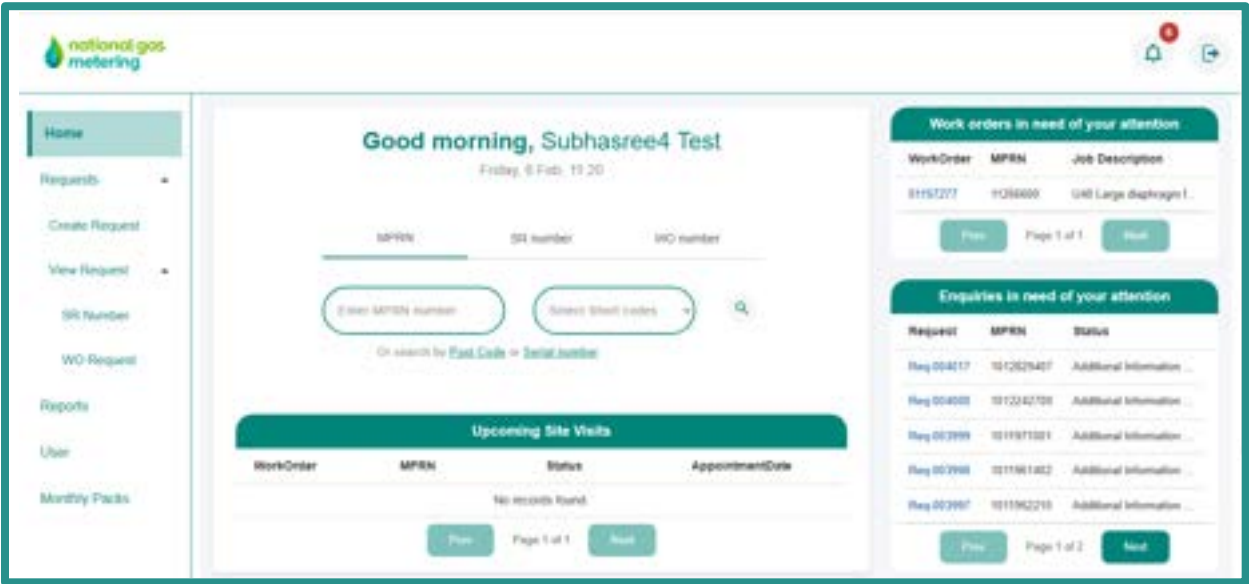

Enter the verification code which is sent to the associate mail id and click on verify code.

After logging in, the home screen of the customer portal is displayed.

The Home Screen will display the MPRN Search panel in the Centre of the screen.

Navigation to Create Request

Navigate to Create Request.
Enter the MPRN, select the to be appointed supplier code from the picklist and click on search icon

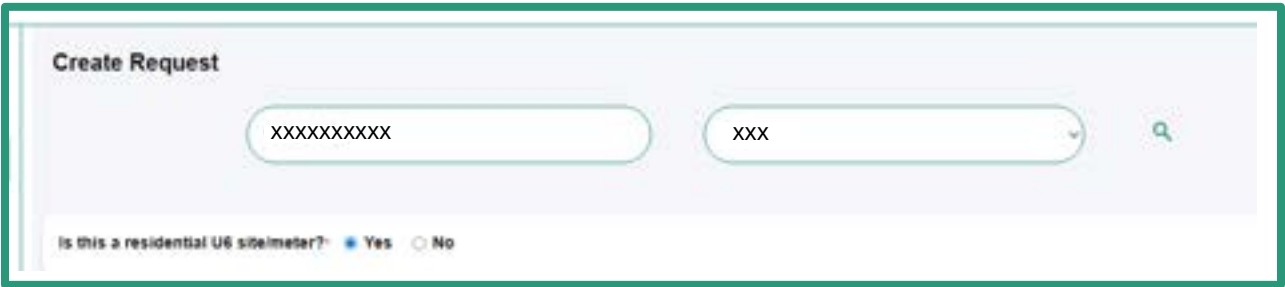

Select ‘Yes’ / ‘No’ to the question “**Is this a residential U6 site/meter?**”

Select the appropriate option:

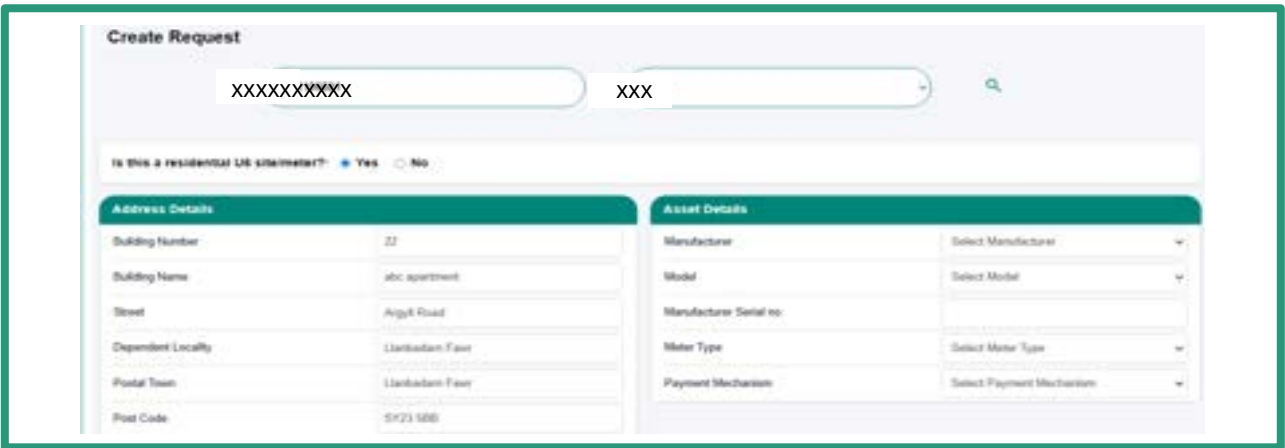

Yes → Residential connection (Domestic usage)

No → Commercial connection (Shop, office, business, institution etc.)

Enter Address details .

Address details is not required for raising appointment COS.

Customer Metering Portal

Enter the asset details.
Asset details are mandatory for raising appointment FNDAS.
For other appointment types, providing asset details is optional and not mandatory.
