 - Status when TGEN task is updated 12
 - Status when OIX task is updated..... 12

Purpose

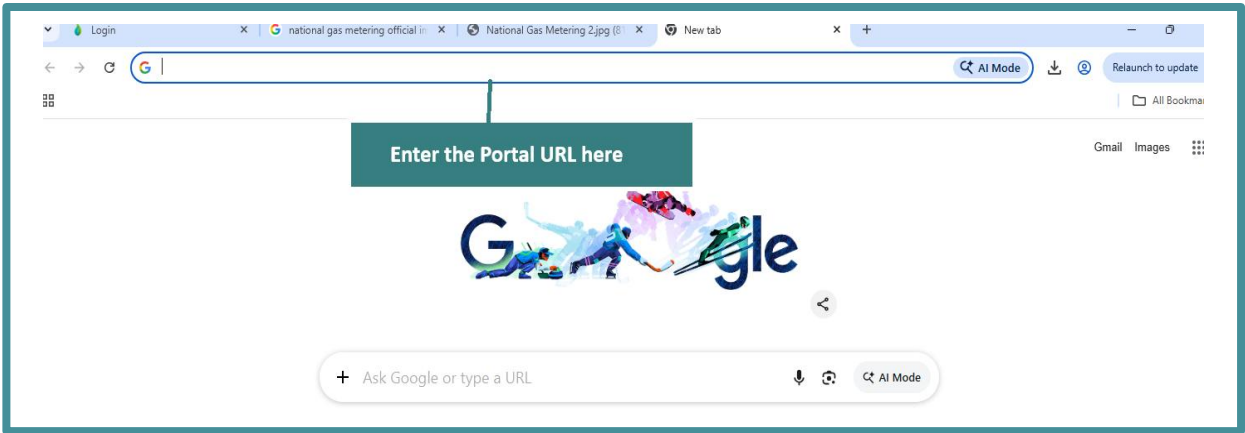

To define the standard procedure for viewing the accurate status in the customer portal when ATP, SV, EUD, TGEN, and OIX tasks are updated for any technical query in Maximo .

Steps to raise Technical Query

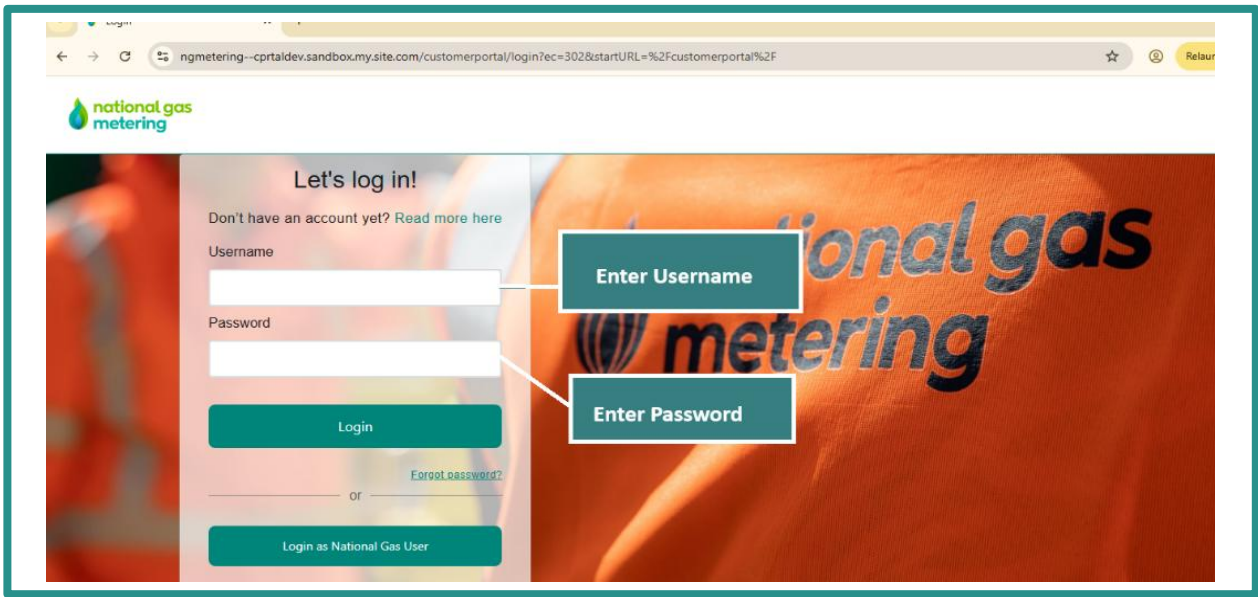

Login to Portal

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

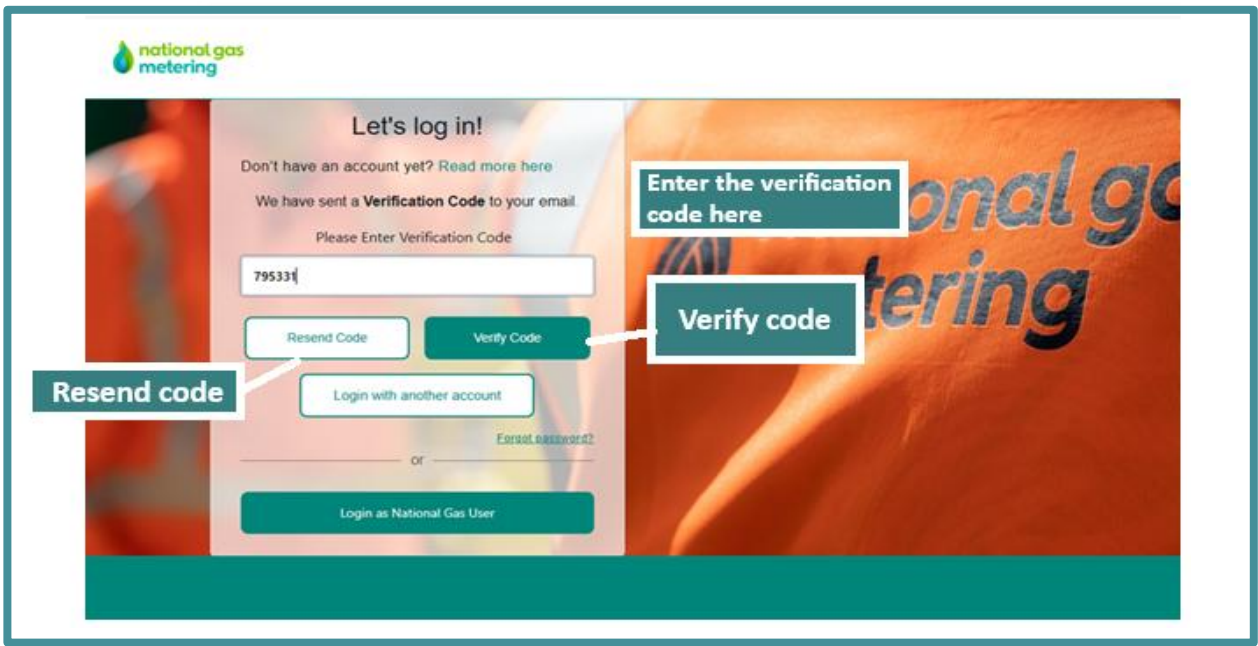

The URL to login to the customer portal is: <https://ngmetering-cprtaldev.sandbox.my.site.com/customerportal/> and press enter.

Enter the username and password, click on login.

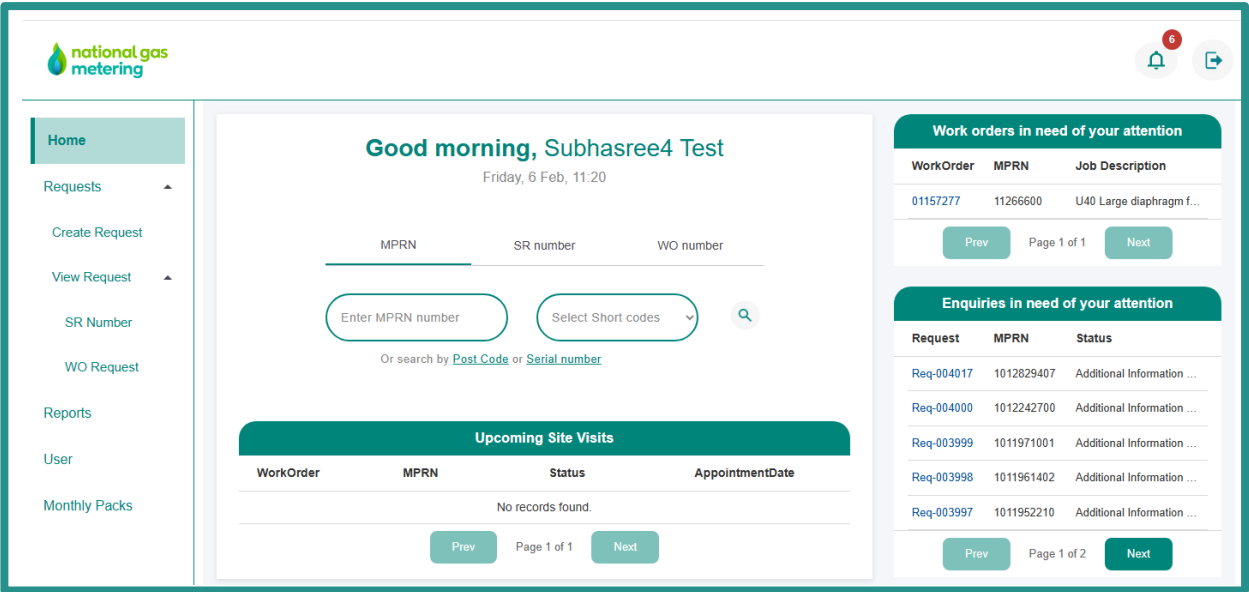

Enter the verification code which is sent to the associate mail id and click on verify code.

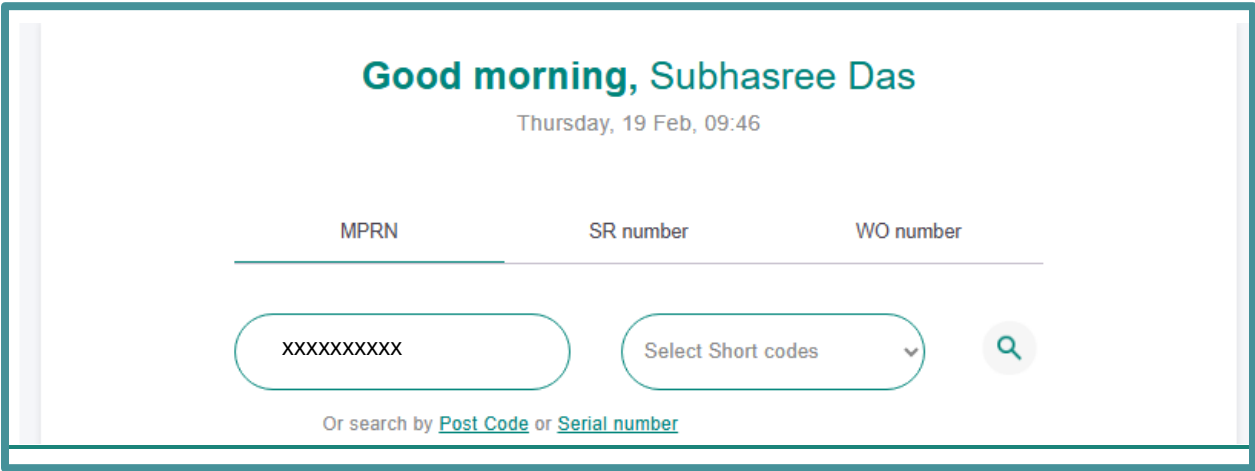

After logging in, the home screen of the customer portal is displayed

The Home Screen will display the MPRN Search panel in the Centre of the screen.

Search and Open MPRN

Enter the MPRN and click on search icon

MPRN overview page with MPRN details is displayed.
Validate the Supplier short code, MPRN category (e.g., Residential or Commercial), address and site details, Meter and converter (if present) details.
