Purpose

This procedure defines the steps to raise an Urgent Work Request for a non-NGM meter when immediate action is required due to safety, loss of supply, equipment failure, or other critical situations.

When to Use

- An urgent work request must be raised in scenarios such as:
- Gas supply interruption
- Suspected meter fault or damage
- Safety-related concerns (leak, pressure issue, tampering)
- Customer off-gas situation
- Regulatory or compliance-driven emergency

Steps to raise Urgent work Request for Non NGM Meter

Login to Portal

Open any web browser (chrome/edge) in the system and enter the URL below in the URL bar.

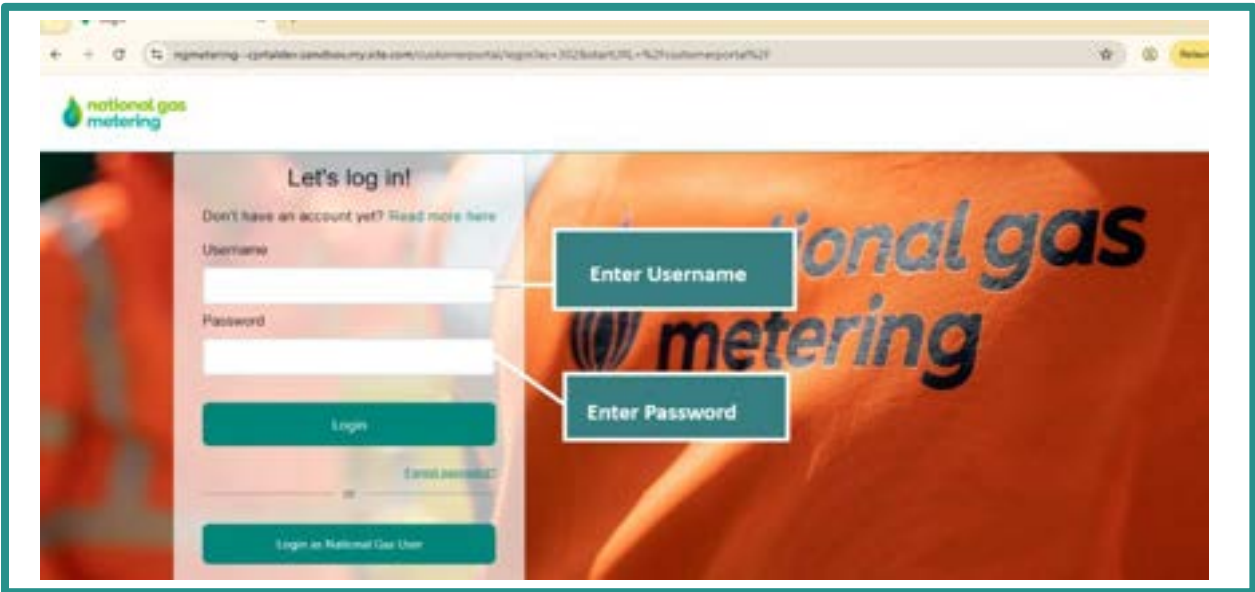

The URL to login to the customer portal is:

<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter.

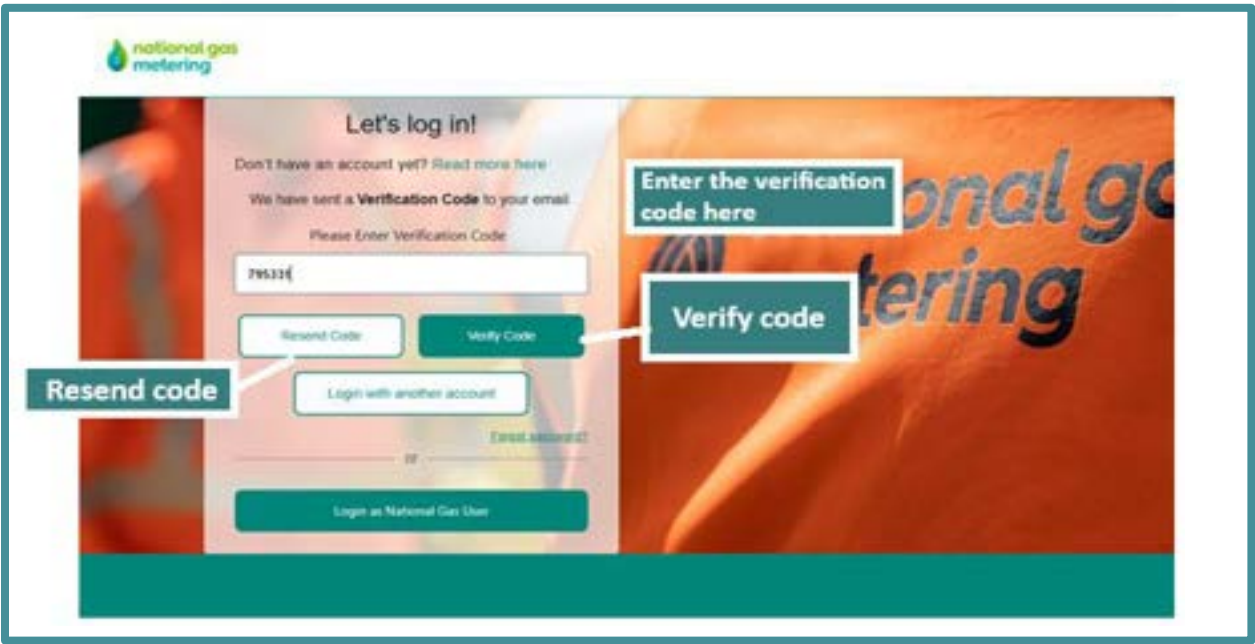

Customer Metering Portal

Enter the username and password, click on login.

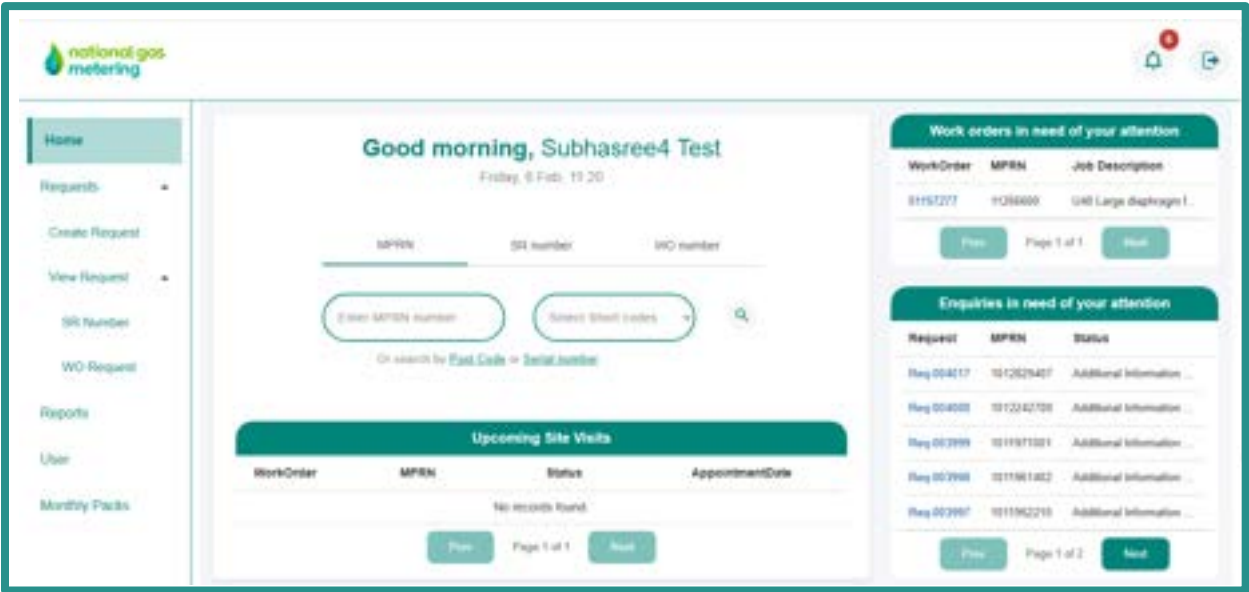

Enter the verification code which is sent to the associate mail id and click on verify code.

Customer Metering Portal

After logging in, the home screen of the customer portal is displayed.

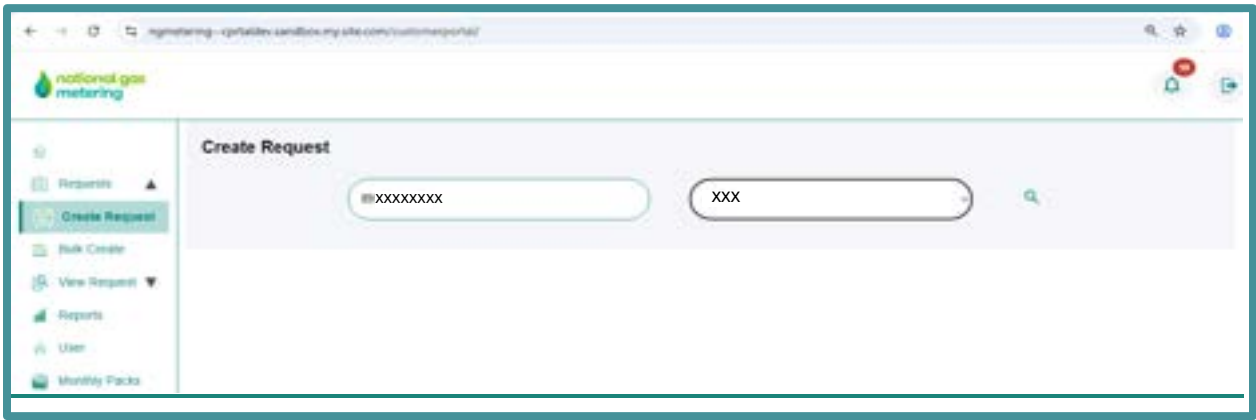

The Home Screen will display the MPRN Search panel in the Centre of the screen.

Navigation to Create Request

Navigate to Create Request.

Enter the non NGM MPRN , select the supplier code from the picklist and click on search icon

Select ‘Yes’ to the question “**Is this a residential U6 site/meter?**”

As ‘Yes’ meaning the urgent work request is raised for a residential U6 non NGM asset.

User cannot raise urgent work requests for commercial non U6 non NGM assets.

Customer Metering Portal

Fill in the Contact details (on-site) information as Title, Name, Contact Number, Email Address (optional), Meter Access Instruction (optional), Upload Photos(optional).

Check the consent box and click on submit request button

The screenshot shows a web form titled "Contact details (on-site)". It contains several input fields: "Title" (with a dropdown menu), "Name" (text input), "Contact number" (text input), "Email Address (optional)" (text input), "Meter access instructions (optional)" (text input), and "Upload Photos (Optional)" (a drag-and-drop area with a "Select photos from device" link). Below the form is a checkbox labeled "Please tick here to confirm that consent has been obtained from the named individual for their personal data to be passed to third parties, for the purposes of performing the specified works, by means of a suitable Data Privacy Notice and explicit consent agreement." and a "Submit Request" button. A green arrow points from the text "Fill in the contact details" to the form fields. Another green arrow points from the text "Check the consent box and click on Submit Request" to the checkbox and the "Submit Request" button.

Request is created successfully and in the pop up Service request number with Job SLA is displayed

The screenshot shows a pop-up message titled "Request submitted". The message text reads: "Request successfully submitted on the 17/02/2026 at 11:17", "Service request number created: SR-1968177", and "Engineers will be there within the next 3 Hours". There is an "Ok" button in the bottom right corner of the pop-up.

If the user selects Pick date and time while raising Urgent Work Request then the Request submitted pop up also contains the job appointment date and time slot.
