Purpose

This document guides users on how to change user role for the already created user ids in the customer portal.

Steps to Create User for the Portal

Only Gas Agent managers will have access to change user role for the portal.

Login to Portal

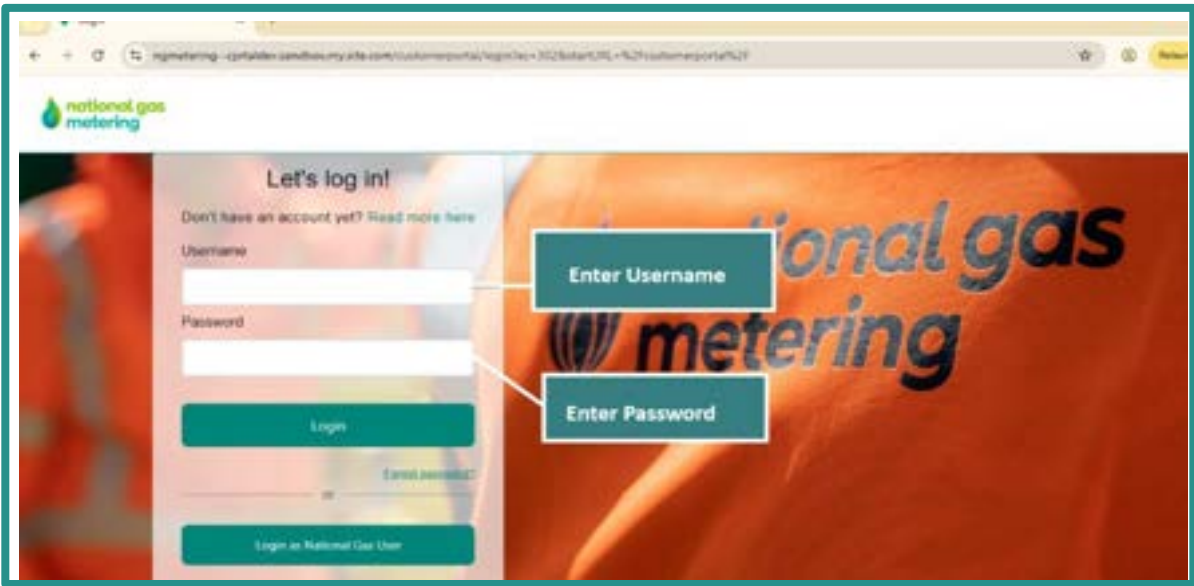

Open any web browser (chrome/edge) in the system and enter the below URL in the URL bar

The URL to login to the customer portal is:

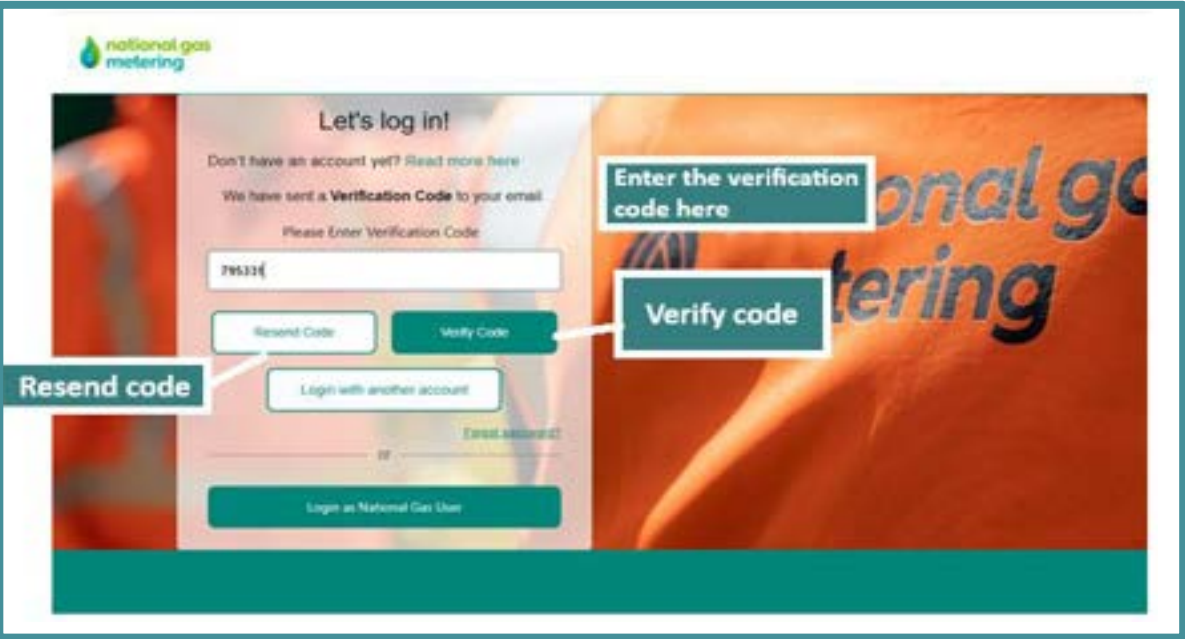

<https://ngmcustomerportal.nationalgas.com/customerportal/login?ec> and press enter

Enter the username and password, click on login.

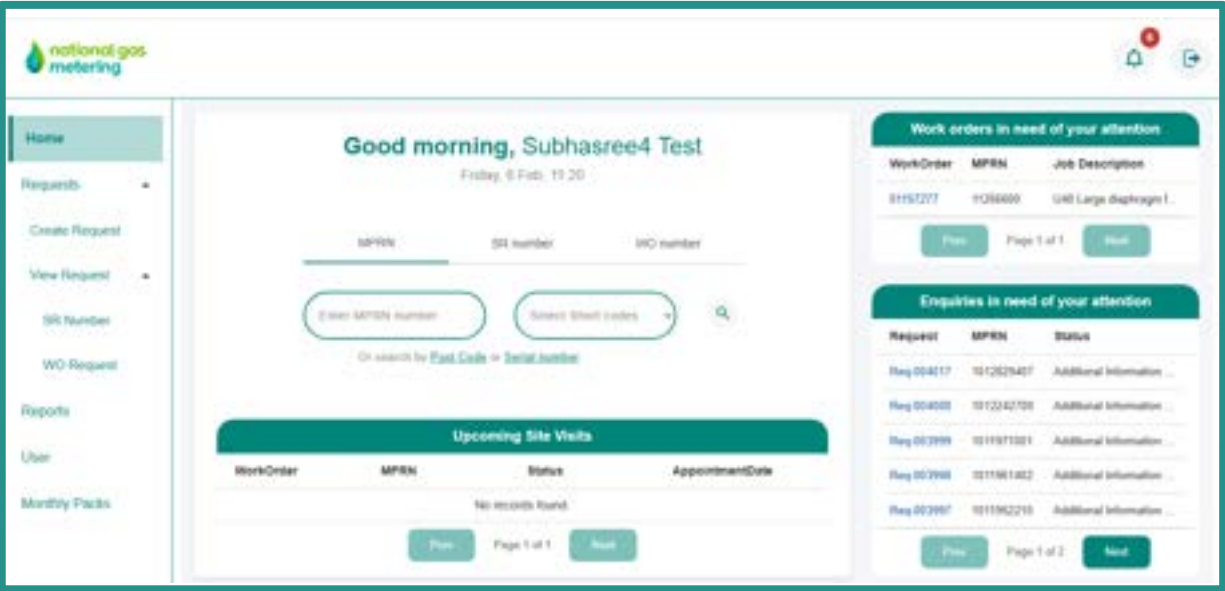

Enter the verification code which is sent to the associate mail id and click on verify code.

After logging in, the home screen of the customer portal is displayed.

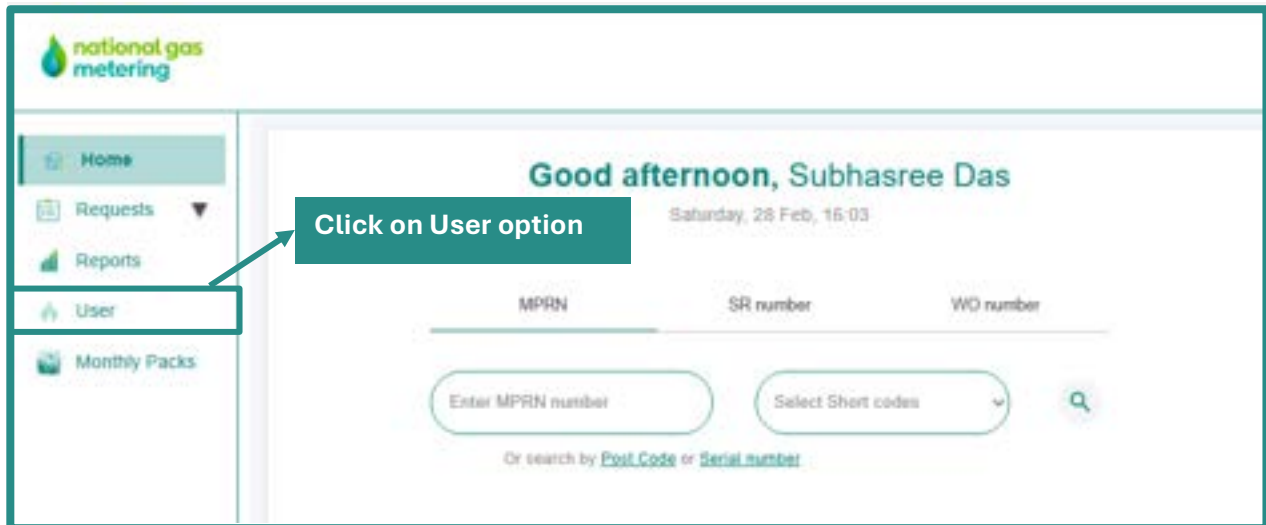

The Home Screen will display the MPRN Search panel in the Centre of the screen.

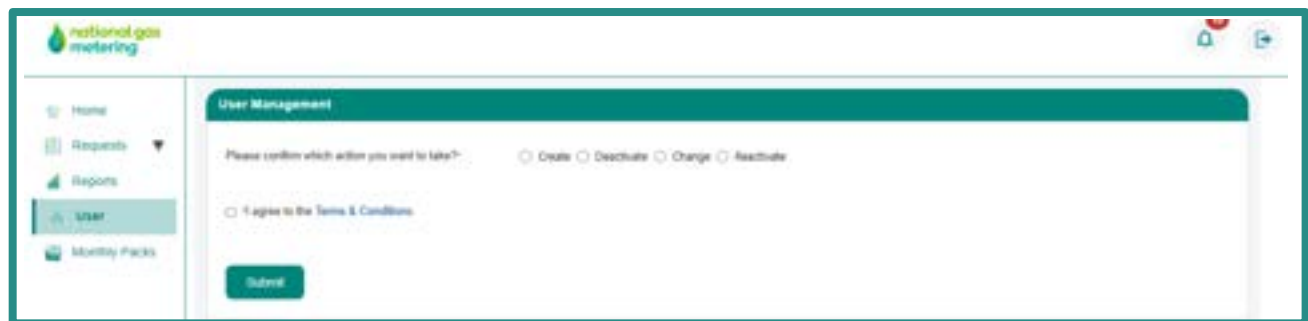

Navigate to User

Click on User option.

This is the User management section of the portal.

Options to Create, deactivate, change and reactivate user are present.

Change Role for a Single User

To Change role for a single user from the customer portal, please follow the steps below:

Select the Chage radio option for the question “Please confirm which action you want to take?”

Select the Single radio option for the question “Please confirm if you want to do this for single or bulk?”

Provide the username and click on the search icon beside that field.

Select the updated or changed Role

If required, the supplier codes can be modified which falls under same supplier group

Check the consent box and click on submit.

User Management

Please confirm which action you want to take?*

☐ Create ☐ Deactivate ☒ Change ☐ Reactivate

Please confirm if you want to do this for single or bulk?*

☒ Single ☐ Bulk
